Reuben Jones Named To State ASCS Post

Reuben Jones, Route 4, has
been named as a member of
the Ohio State Agriculture
Stabilization and Conservation
Committee by Secretary of
Agriculture, Clifford Hardin.

REUBEN JONES

The announcement was made
today by Congressman
Chalmers P. Wylie, who had
submitted Jones' name and
qualifications for the ap-
pointment.

The committeemen are
responsible for advancing such
farm activity programs as price
support, acreage allotment and
marketing guides.

Jones, 51, has been farming
in the Pickaway County area
since 1939. He owns and
operates a grain-dairy farm
here in addition to a farming
operation in Jackson County,
specializing in Holstein cattle.

He is a board member and
past president of the Ohio
Holstein Breeders Assn., a
member of the Pickaway
County Home Administration
Board and is a past membership
chairman of the Pickaway County
Farm Bureau.

Hardin named Harle H.
Hicks, Continental, chairman
of the board and Cline Gilpin,
as a member.

Hicks, Gilpin and Jones suc-
ceeded Dwight Wise, Fremont;
John Grierson, Aberdeen, and
Murray D. Urmonst, Hamilton,
who resigned.

Treasury Chief Sells His Stock

WASHINGTON (AP) —
Treasury Secretary David M.
Kennedy has sold \$12 million
worth of bank stock which the
chairman of the House banking
committee called a conflict of
interest.

The Kennedy critic, Rep.
Wright Patman, D-Tex., com-
mended Kennedy only for
"starting this action to clear up
his conflict." Patman said he
would not consider the matter
closed until other stock held in
trust is sold.

Patman quizzed Kennedy
April 17 on his interest in Con-
tinental Illinois National Bank
and Trust Co. When Kennedy
did not reply, Patman told
newsmen, "he ought either to
get out as Secretary of the
Treasury or comply with the
law."

Kennedy was the \$200,000-a-
year president of Continental
before he was named to the
Cabinet. His disclosure of the
stock sale came Tuesday in a
letter to Patman from Treas-
ury's general counsel, Paul W.
Eggers.

Leader Still Being Sought For Highway Safety Bureau

WASHINGTON (AP) — A re-
vised policy debate, a little con-
fusion and a great deal of cau-
tion appear to have hamstrung
the administration search for a
highway safety director.

The debate centers on the fu-
ture of the three-year-old High-
way Safety Bureau that gave
the auto industry its first taste
of federal regulation through
mandatory inclusion of seat
belts, shoulder straps, back up
lights and more than a dozen
other items.

"You have two polarized
groups—the concrete pourers
and the safety community,"
said one source. "The safety
community is telling them to
get the bureau out of the High-
way Administration and the
concrete pourers are saying the
hell with you."

Prison Guard Units Near Normal Again

COLUMBUS, Ohio (AP) —
Nearly normal work forces were
reported today at two struck
prisons and absenteeism was
"below normal" at five other
penal institutions.

Ohio penitentiary, where
guards struck Tuesday in sup-
port of demands for higher
wages, reported 122 guards at
work out of a normal comple-
ment of 160.

The state reformatory at
Mansfield had 100 guards at
work out of a force of 130 men.
About 280 of the 370 National
Guard troops called to guard
duty at the two prisons were to
be released today.

"We will keep about 90 men
on duty at the penitentiary until

sufficient custodial personnel
return," said Adj. Gen. S. T.
Del Corso.

National Guard troops were
called to duty early Tuesday
after guards at the two institu-
tions struck for higher salaries.
The striking guards are mem-
bers of the American Federa-
tion of State, County and Mu-
nicipal Employees.

Picket lines posted at the pe-
nitentiary at midnight Monday
were removed late Tuesday af-
ter a state court judge in Co-
lumbus issued a restraining or-
der against the strikers.

The union is demanding a \$1.
500 across-the-board pay raise
for all state employees.

James W. Smith, president of
Local 1148 at the penitentiary,
said Tuesday night he felt the
guards would go back to their
jobs. "Our day of mourning is
completed," he said.

But Fred Rauscher, spokes-
man for union guards at the
Mansfield prison, indicated that
a sizeable number of guards
expected to stay out.
"A lot of them are terribly
sick," he said. "I don't think
they'll be well enough to go
back to work."

No arrangements had been

made to pull the troops out of
the institutions before 9 a. m.
today, when Adj. Gen. S. T.
Del Corso scheduled a news con-
ference at the penitentiary to
discuss the situation.

The court order, issued by
Common Pleas Judge Henry
Holden of Columbus at the re-
quest of the attorney general,
banned picketing, congregating,
obstruction of traffic and other
similar acts by striking guards.

The state's Ferguson Act,
which prohibits strikes by pub-
lic employees at penalty of dis-
missal, was not a part of the
court injunction, according to
Asst. Atty. Gen. B. William
Dunlap.

About 100 National Guard
troops were sent into the pe-
nitentiary Tuesday morning after
about two-thirds of the day shift
of prison guards honored picket
lines set up outside.

Troops also were alerted for
duty at Mansfield but were not
put to service there until Tues-
day evening, when about half
of the night shift of guards stay-
ed off duty. Troops were utilized
there in 14-man shifts.

Five other state prisons were
not affected by the strike.

Race Violence Under Control

Most Cities
Report Calm

By THE ASSOCIATED PRESS

National Guard troops and
tightly enforced overnight cur-
fews brought relative calm to-
day to Winston-Salem, N.C., and
Cairo, Ill., after the two cities
had experienced several nights
of racial disturbances.

Heavily armed police patrols
and a 9 p.m. to 5 a.m. curfew
brought order also to Linden,
N.J., after two days of clashes
between Negro and white teen-
agers.

The 185 guardsmen sent into
Cairo by Illinois Gov. Richard
B. Ogilvie were posted at strate-
gic locations including the city
gas works, electrical powers
station, St. Mary's Hospital and
a public housing complex.

Thirty state troopers and the
city's 16-man police force pa-
trolled through the night to pre-
vent a recurrence of the gunfire
and firebombings that took
place the three previous nights.

The curfew was ordered Tues-
day after firebombings were
thrown at eight buildings Mon-
day night and firemen were
driven off from their work by
gunfire.

The incidents Monday in the
southern Illinois city of 8,400—40
per cent Negro—reflected a
buildup in tensions over the past
month after charges a white
vigilante group had been har-
assing Negroes.

In Winston-Salem police re-
ported only a few arrests for
curfew violations and some
scattered attempts at looting
and arson. About 150 guardsmen
helped enforce the 10 p.m. to 6
a.m. curfew.

Gov. Bob Scott ordered the
guardsmen into the city Tues-
day after a night in which young
Negroes broke into several busi-
ness places and shots were fired
at firemen extinguishing a trash
blaze.

Franklin County
Faces Court Suit

COLUMBUS, Ohio (AP) —
Court action will be sought by
Atty. Gen. Paul W. Brown to
force Franklin County commis-
sioners to appropriate \$2.8 mil-
lion for welfare costs.

Brown said Tuesday the coun-
ty is required by law to appro-
priate \$2.8 million. Commis-
sioners have appropriated \$1,650,000
for welfare costs this year, say-
ing that's all the money avail-
able.

More French Politicians Eye Bid For Nation's Presidency

PARIS (AP) — Four veteran
politicians were flirting with the
French presidency today, and
more may be in the offing.

President Charles de Gaulle's
former Premier, Georges Pom-
pidou, staked his claim as heir-
apparent Tuesday, announcing
he was a candidate.

Shortly after, Socialist Gaston
Defferre renewed his search for
in third force between Gaullism
and Communism and sought his
party's endorsement to run. And

the Communists, rebuffed in an
attempt to form a coalition with
the Socialists, prepared the
nomination of Sen. Jacques Du-
clos, a party workhorse.

On the extreme right, Georges
Bidault, the wartime Resistance
leader who later turned against
De Gaulle over Algeria, de-
clared his availability.

De Gaulle was in seclusion at
his home in Colombey-Les-
Deux-Eglises. Gaullist leaders
said he would remain silent un-
til a new president has been se-
lected and would neither sup-
port nor repudiate Pompidou's
candidacy.

This seemed to be enough for
such Gaullist "barons" as For-
eign Minister Michel Debre,
Roger Frey and Premier Mau-
rice Couve de Murville. They
"acclaimed" Pompidou's move
at a party caucus, informed
sources said.

Alain Poper, the Centrist Sen-
ate president acting as an inter-
im chief executive, went about
his business with a minimum of
ceremony and appeared unde-
cided about joining the contest.
Informants said several Centrist
leaders were pressuring him to
become a candidate.

Poper's principal task is to
organize presidential elections.
A date will be decided Friday
by the cabinet left by De Gaulle
when he quit last Monday after
French voters defeated a na-
tional referendum he had spon-
sored.

The Cabinet was expected to
confirm June 1 as the date for
the opening round of the two-
stage voting. If there is no ma-
jority in the first round, the two
high men face each other in a
runoff, probably June 15. The
presidential term is seven
years.

Gas Rate Hikes Slated June 1

COLUMBUS, Ohio (AP)—Co-
lumbia Gas of Ohio, Inc., an-
nounced today that residents of
almost 250 Ohio communities
will pay more for natural gas
than they are now paying, be-
ginning June 1.

These are residents of cities
and towns which have fuel cost
clause provisions in their local
rate ordinances, permitting in-
creases and decreases during
the term of the ordinance.

I. L. Briscoe of Columbus,
company vice president in charge
of rates, said the increase is
due to termination of refunds
which will have been in effect
for a year on June 1. New,
smaller refunds also become ef-
fective June 1, but will only
partially offset the effect of the
larger refunds that are ending,
Briscoe said.

'Mourning Day' For Employees Of State Opens

COLUMBUS, Ohio (AP) —
State hospitals throughout the
state were operating normally
today despite a "mourning day"
called by a union representing
many employees.

Some hospitals even report-
ed lower absenteeism than nor-
mal. A spokesman for the Ohio
Division of Mental Hygiene said
"all is quiet" at the hospitals.

Many of the claimed 6,000
members of Council 21,
American Federation of State,
County and Municipal Employees
are employees of state institu-
tions.

The "day of mourning" or
"S-Day" — meaning "sick day"
— had been proclaimed by the
federation in its fight for a \$1-
500 annual pay hike. Union
leaders have been vague about
the exact meaning of the day,
not actually calling a walkout
but expecting its members to
stay off their jobs.

The Orient State Hospital, as
well as Apple Creek, Hawthorn-
den and Massillon state hospi-
tal in Northeast Ohio, all report-
ed that absenteeism was lower
than usual. Toledo and Dayton
State Hospitals reported normal
employee attendance.

At Athens State Hospital all
employees were on duty but
most wore black arm-bands in
sympathy with the federation's
goal. Some employees of Ohio
University who also are mem-
bers of the federation, wore
black arm bands to work.

Only reported absences in
connection with the federation's
call were some guards at Ohio
Penitentiary who began a walk-
out Tuesday.

All was normal at Lima State
Hospital, although the local pre-
sident indicated a "day off"
might be proclaimed at some
later date, after a second hear-
ing is held by the legislature on
a pay raise bill.

There had been some doubts
cast on the effectiveness of the
walkout even before it started
with reports that some mem-
bers were seeking to break
away from the leadership of
Al Bilik, who organized the
"day of mourning." A power
struggle also seemed to be
forming within the union.

crops or gardens was reported.
Orchard owners say it
will be another three or four
days before any possible
damage to fruit trees can be
noted.

chemicals through the skin
and the risk of explosion of
the aerosol container under
certain conditions.

Aerosol cans should not be
stored in the direct sunlight
and near or on a radiator or
other artificial heat sources.
Heat causes the gas to ex-

pressure within the container.
Aerosol cans should never
be incinerated. The cans
should never be stored within

Federal Grants Gain Approval

COLUMBUS, Ohio (AP)—The
Ohio Office of Appalachia an-
nounced Tuesday approval of
\$249,276 in federal grants to 130
school districts in the 28 Appa-
lachian counties of Ohio.

The grants range from \$133 to
the Bloomfield Local School Dis-
trict, Jackson County, to \$7,878
for the city of Zanesville.

Dirksen May Block Brown For EEOC

WASHINGTON (AP) — Presi-
dent Nixon's choice to head a
key civil rights agency report-
edly has run into opposition
from Sen. Everett M. Dirksen,
who demanded—and got—the
ouster of the previous chair-
man.

Sources indicated that Dirksen
is lining up votes to oppose
Nixon's nomination of William
H. Brown, 39, a Philadelphia
Republican, to replace Clifford
L. Alexander Jr. as chairman of
the Equal Employment Opportu-
nities Commission.

The five-member EEOC is
charged with seeing that gov-
ernment bans on job discrimina-
tion are followed by businesses
and industries.

When asked about the reports,
Dirksen, the Senate Republican
leader, declined comment.

But his opposition, coupled
with expected antagonism from
Southern Democrats, could
doom Brown's nomination when
and if it reaches the Senate for
confirmation. Brown was origi-
nally nominated for a commis-
sion seat by President Lyndon
B. Johnson and Nixon resubmit-
ted his name and then decided
to make him chairman.

Coincidentally, the fight par-
alleled a move by Nixon to
strengthen the EEOC's powers
to enforce a ban on racial bias
in employment.

Dirksen said Tuesday the ad-
ministration's proposal will con-
vert the EEOC into a quasi-judicial
agency with limited cease-
and-desist powers.

Bridge, Dam, Power Lines Knocked Out

TEL AVIV (AP) — Israeli
commando units struck 120
miles inside southern Egypt
Tuesday night, blasting a dam
across the Nile, a bridge and
electric lines supplying Cairo,
the Israeli army announced.

An Egyptian communique dis-
puted the Israelis, claiming
there was "absolutely no dam-
age." There was no evidence of
a power shortage in Cairo.

The Israelis also announced
that a heavy artillery battle
erupted during the night along
the entire length of the Suez Can-
al. A spokesman said the
Egyptians started the shooting.

The raid into Upper Egypt
was in retaliation for recent
Egyptian artillery and commando
attacks on Israeli forces occu-
pying the east bank of the
Suez Canal. It was almost an
exact copy of the first commando
penetration into Egypt six
months ago and struck at two
main areas of the Upper Nile,
north of the Aswan High Dam.

Presumably helicopters flew
the commandos across the Gulf
of Suez or the Red Sea to the
targets and brought them back,
but the army did not say. It
gave this report on the results
of the raid:

Two high tension cables, 100
yards apart and carrying 500
kilovolts of power to Cairo, were
cut. The lines were 300 miles
south of Cairo at Isma and Naj
Hamadi. Four transformer sta-
tions 19 miles to the north were
hit in the earlier attack.

The Naj Hamadi dam—also
hit last year—was attacked and
"heavily damaged." The dam
stretches 80 yards across the
Nile and is 20 yards wide, the
statement said. A shipping lock
in the same area was damaged.

Seventy miles north of the
dam, commandos blasted the
Idfu bridge and again caused
heavy damage. The bridge is an
important junction for the high-
way from the Red Sea south
along the west bank of the Nile.

Egypt said the raid was made
by two Israeli bombers which it
said were driven off by anti-air-
craft fire before they could hit
their targets. But an Israeli

Williamsport, Rural Delivery Begins Thursday

Home delivery of The Herald
begins Thursday in the Village
of Williamsport and on several
rural routes in the Pickaway
County area.

Motor routes will be in-
troduced between Circleville
and Ashville as well as between
Circleville and Williamsport.
Other routes for rural delivery
will be put into operation in
the near future.

Subscribers on motor routes
will be given a colorful plastic
tube that should be mounted on
or near a mail box post.

Cost of receiving The Herald
on the date of publication is
50 cents per week — the same
as city delivery. Mail sub-

be in effect where carrier
service is available.

200 Vietnam Reds Killed As Enemy Shelling Ceases

SAIGON (AP) — U.S. field of-
ficers said today the Viet Cong's
spring offensive is in a stale-
mate. For the first time in 10
weeks no significant enemy
shelling was reported overnight,
but allied forces reported killing
more than 200 enemy in half a

U.S. spokesmen said most of
the fighting was initiated by
sweeping U.S. and South Viet-
namese forces. But they refused
to write an end to the offensive
the Viet Cong and North Viet-

namese launched Feb. 23.

"We're not going to make any
announcement on the end of the
enemy offensive," one Ameri-
can said. "That's up to the en-
emy."

"We feel like they're just
holding up for some reason,
probably awaiting further in-
structions," said one field offi-
cer. "There is not enough infor-
mation to tell us one way or an-
other. The prisoners we take
are usually privates who do not
know the over-all plans."

Allied forces reported four
Americans and 15 South Viet-
namese troops killed in the
ground fighting, along with 30
Americans and 46 South Viet-
namese wounded. U.S. forces
also lost an armored personnel
carrier, and two others were
damaged.

The heaviest fighting was re-

Federal Grants Gain Approval

COLUMBUS, Ohio (AP) —
The Ohio Office of Appalachia an-
nounced Tuesday approval of
\$249,276 in federal grants to 130
school districts in the 28 Appal-
achia counties of Ohio.

The grants range from \$133 to
the Bloomfield Local School Dis-
trict, Jackson County, to \$7,878
for the city of Zanesville.

Dirksen May Block Brown For EEOC

WASHINGTON (AP) — Presi-
dent Nixon's choice to head a
key civil rights agency report-
edly has run into opposition
from Sen. Everett M. Dirksen,
who demanded—and got—the
ouster of the previous chair-
man.

Sources indicated that Dirksen
is lining up votes to oppose
Nixon's nomination of William
H. Brown, 39, a Philadelphia
Republican, to replace Clifford
L. Alexander Jr. as chairman of
the Equal Employment Oppor-
tunities Commission.

The five-member EEOC is
charged with seeing that gov-
ernment bans on job discrimina-
tion are followed by businesses
and industries.

When asked about the reports,
Dirksen, the Senate Republican
leader, declined comment.

But his opposition, coupled
with expected antagonism from
Southern Democrats, could
doom Brown's nomination when
and if it reaches the Senate for
confirmation. Brown was origi-
nally nominated for a commis-
sion seat by President Lyndon
B. Johnson and Nixon resubmit-
ted his name and then decided
to make him chairman.

Coincidentally, the fight par-
alleled a move by Nixon to
strengthen the EEOC's powers
to enforce a ban on racial bias
in employment.

Dirksen said Tuesday the ad-
ministration's proposal will con-
vert the EEOC into a quasi-judicial
agency with limited cease-
and-desist powers.

Guardsmen and 40 state troop-
ers moved on to the predomi-
nantly Negro Voorhees campus
Tuesday after Gov. Robert
McNair declared a state of
emergency. They arrested 25
persons, including at least four
nonstudents, who had seized the
administration building and ad-
joining science building Mon-
day.

Led by faculty members B. J.
Dingle and Charles Ramsey, the
19 men and six women walked
out of the administration build-
ing, past armed guardsmen and
an armored personnel carrier
before being taken into custody.
"Get your racist troops
back!" Dingle shouted at guard
officers.

Two hours before troops
moved in, President John F.
Potts said negotiations had
taken an encouraging turn, "and
I think this can be settled without
force." J. P. Strom, South Caro-
lina's top law enforcement offi-
cer, said he had to arrest law-
breakers and added that Potts
had sought help Monday in a
letter to the governor.

The protesters were taken to
Bamberg County jail and
charged with riot and unlawful
assembly. They were then
transferred to the state peniten-
tiary in Columbia for arraign-
ment. Bond was set at \$3,500 for
one man, \$2,500 for 18 men, and
\$1,500 for the six women.

Police said seven rifles, three
shotguns, a pistol, two knives
and some ammunition were
found in the building seized to
press 11 demands, including a
black studies program and plac-
ing Negroes in charge of each
academic department.

The protesters also demanded
passing grades for all students
who had flunked a course under
a white professor.

In Lawrenceville, N.J., more
than 700 students at Rider Col-
lege seized the campus gym for
several hours Tuesday night,
demanding an end to a curfew
on coeds.

Students at the University of
Rochester pledged to press their
boycott today, after the school
reported 50 per cent absen-
teeism Tuesday.

Students are demanding the
school, in Rochester, N.Y., sever
relations with the Center for
Naval Analysis, in Rosslyn, Va.

Bridge, Dam, Power Lines Knocked Out

TEL AVIV (AP) — Israeli
commando units struck 120
miles inside southern Egypt
Tuesday night, blasting a dam
across the Nile, a bridge and
electric lines supplying Cairo,
the Israeli army announced.

An Egyptian communique dis-
puted the Israeli claim, saying
there was "absolutely no dam-
age." There was no evidence of
a power shortage in Cairo.

The Israelis also announced
that a heavy artillery battle
erupted during the night along
the entire length of the Suez Can-
al. A spokesman said the
Egyptians started the shooting.

The raid into Upper Egypt
was in retaliation for recent
Egyptian artillery and commando
attacks on Israeli forces occu-
pying the east bank of the
Suez Canal. It was almost an
exact copy of the first commando
penetration into Egypt six
months ago and struck at two
main areas of the Upper Nile,
north of the Aswan High Dam.

Presumably helicopters flew
the commandos across the Gulf
of Suez or the Red Sea to the
targets and brought them back,
but the army did not say. It
gave this report on the results
of the raid:

Two high tension cables, 100
yards apart and carrying 500
kilovolts of power to Cairo, were
cut. The lines were 300 miles
south of Cairo at Isna and Naj
Hamadi. Four transformer sta-
tions 19 miles to the north were
hit in the earlier attack.

The Naj Hamadi dam—also
hit last year—was attacked and
"heavily damaged." The dam
stretches 800 yards across the
Nile and is 20 yards wide, the
statement said. A shipping lock
in the same area was damaged.

Seventy miles north of the
dam, commandos blasted the
Idfu bridge and again caused
heavy damage. The bridge is an
important junction for the high-
way from the Red Sea south
along the west bank of the Nile.

Egypt said the raid was made
by two Israeli bombers which it
said were driven off by anti-air-
craft fire before they could hit
their targets. But an Israeli

Williamsport, Rural Delivery Begins Thursday

Home delivery of The Herald
begins Thursday in the Village
of Williamsport and on several
rural routes in the Pickaway
County area.

Motor routes will be in-
troduced between Circleville
and Ashville as well as between
Circleville and Williamsport.
Other routes for rural delivery
will be put into operation in
the near future.

Subscribers on motor routes
will be given a colorful plastic
tube that should be mounted on
or near a mail box post.

Cost of receiving The Herald
on the date of publication is
50 cents per week — the same
as city delivery. Mail sub-
scription rates will no longer
be in effect where carrier
service is available.

Leader Still Being Sought For Highway Safety Bureau

WASHINGTON (AP) — A re-
vised policy debate, a little con-
fusion and a great deal of cau-
tion appear to have hamstrung
the administration search for a
highway safety director.

The debate centers on the fu-
ture of the three-year-old High-
way Safety Bureau that gave the
auto industry its first taste
of federal regulation through
mandatory inclusion of seat
belts, shoulder straps, back up
lights and more than a dozen
other items.

"You have two polarized
groups—the concrete pourers
and the safety community,"
said one source. "The safety
community is telling them to
get the bureau out of the High-
way Administration and the
concrete pourers are saying
the hell with you."

The issues: Should the bureau

be freed from Federal Highway
Administration control, reorgani-
zed, upgraded or—as some pre-
dict—left to "die on the vine."

While this debate goes on, an-
other dispute rages over whether
the new director should be an
administrator or a researcher.

Pivately, the auto industry
favors an administrator. It feels
enough safety standards are re-
quired on vehicles for the time
being and that there should be
more effort in carrying out such
existing programs as law en-
forcement, driver education and
highway improvement.

The apparent confusion over
just where the talent hunt
stands seems to be shared by
the Transportation Department
and the White House.

One candidate for the job said
he was contacted by "at least
20" interested parties and couldn't
be sure which actually were

speaking for the administration.
Queries to aides of Transpor-
tation Secretary John Volpe
elicited answers that range from
"We have three people in mind
but they're all making too much
money in industry," to "We
hope to have someone in a
week," to "The job is wide
open."

Sources on Capitol Hill say
key Republicans who presuma-
bly would be notified before-
hand haven't heard a name
mentioned in a month.

Several sources believe Dr.
Robert Brenner, currently act-
ing director, has the inside
track and will get it "kind of
by default," as one put it.

The bureau was set up under
the 1966 Highway Safety Act to
draw up and enforce standards
for vehicles and help the state's
with such programs as driver
education and alcohol testing.

200 Vietnam Reds Killed As Enemy Shelling Ceases

SAIGON (AP) — U.S. field of-
ficers said today the Viet Cong's
spring offensive is in a stale-
mate. For the first time in 10
weeks no significant enemy
shelling was reported overnight,
but allied forces reported killing
more than 200 enemy in half a
dozen clashes.

U.S. spokesmen said most of
the fighting was initiated by
sweeping U.S. and South Viet-
namese forces. But they refused
to write an end to the offensive
the Viet Cong and North Viet-

namese launched Feb. 23.

"We're not going to make any
announcement on the end of the
enemy offensive," one Ameri-
can said. "That's up to the en-
emy."

"We feel like they're just
holding up for some reason,
probably awaiting further in-
structions," said one field offi-
cer. "There is not enough infor-
mation to tell us one way or an-
other. The prisoners we take
are usually privates who do not
know the over-all plans."

Allied forces reported four
Americans and 15 South Viet-
namese troops killed in the
ground fighting, along with 30
Americans and 46 South Viet-
namese wounded. U.S. forces
also lost an armored personnel
carrier, and two others were
damaged.

The heaviest fighting was re-
ported north of Saigon near the
Cambodian border and along
the eastern flank of the Demili-
tarized Zone, where the North

Knights Of Pythias Honor 50-Year Members With Fete

The 50-Year Banquet honoring Leroy May and Milton Manson was held Monday at Philo Lodge No. 64, Knights of Pythias.

Due to ill health, neither 50-year member was able to be present for the awarding of their 50-year pins and paid up memberships. These will be presented to them at a later date.

Both May and Manson reside in Grove City. Manson is at the Monterey Rest Home.

Distinguished guests present were: Harold Peters, grand chancellor of Ohio; Frank Hudson, grand treasurer; Frank Woodward Jr., grand outer guard; Harland Ballard, regional deputy; Loren Beck, deputy, district No. 11, John Bownes, deputy, district No. 16.

ROBERT Denman who has been a member for over 58 years was the only 50-year member of the local lodge present. Frank Turner, another 50-year member, was unable to attend.

Chancellor commander Milo M. Wise presided as master of ceremonies.

Wise welcomed the guests and introduced the speaker, Leon Dulany Jr., superintendent of the Pythian Home, Springfield, who showed slides of the home interspersed with remarks concerning the home.

A steak dinner was served the group prior to the ceremonies of the evening.

The banquet was prepared and served by the Pythian Sisters consisting of Mrs. Gerald Crites, Mrs. Milton Griest, Mrs. Robert Hettinger, Mrs. Gerald Winfough, Mrs. Arthur Bowman, Mrs. Robert Burton, Mrs. Milo Wis, Mrs. Allen Strawser, Mrs. Charles Winner, Mrs. Ronald Nau, Mrs. Frank Woodward Jr., Mrs. Walden Reichelderfer.

Inductees Report For Army Duty

Two Pickaway County men were inducted into the Armed Forces through the Selective Service System during the month of April.

Reporting to Ft. Hayes Induction Center in Columbus were Robert L. Timmons of Route 3 and Charles T. Julian, Route 1, Stoutsville.

Prior to departure from Circleville, the inductees were served coffee and doughnuts, furnished by Lindsey's Bakery, by Red Cross volunteers. Each man was also presented with a packet of writing materials and other useful items, a gift from Sertoma Club and Red Cross.

Pickaway County school districts received \$111,412.13 in state school foundation subsidies in the April disbursements according to a report by Roger Cloud, state auditor.

The state contributed received \$47,472.81 during the year. The state contributed \$1,363.33 to the school employees retirement system, \$9,711.35 to the state teachers retirement system and \$86,398.46 in operating allotments.

Logan Elm school district subsidies were: school employees retirement system, \$796; state teachers retirement system, \$2,016; county school supervision allotment, \$458; operating allotment, \$6,908. Total money received by the school was \$13,179.28.

Teays Valley School district was allotted \$26,655.34. School employees retirement fund received \$1,254; state teachers retirement fund, \$6,421.90; county school supervision allotment, \$604; and operating allotment, \$18,065.53.

Westfall school district received \$20,995.79. The fund for school employees retirement received \$886; state teachers retirement system, \$5,115.10; county supervision allotment, \$14,410.15; and operating allotment, \$14,410.15.

Bridge, Dam, Army Spokesman Emphasized

The demands include recruitment of more black students and teachers, more black literature in the school library, a school of black studies and higher pay for nonprofessional workers at the college.

New Orleans, La.—Twelve students and a professor at Tulane University were charged with criminal trespass and disrupting university activities after joining a ROTC marching drill. The maximum penalty for the charges is expulsion.

Campus police dragged the protesters from the drillfield after they refused to move. The ROTC drill was canceled.

St. Louis—The Rev. Paul C. Reimert, president of St. Louis University, said students who held an 11-hour sit-in had legitimate grievances. The protest ended when Reimert signed two promises to investigate charges of harassment of black students and to speed up the incorporation of blacks into the Jesuit-run school.

East Lansing, Mich.—About 200 black students entered the third day of a "camp-in" at the Michigan State University cafeteria, complaining that white supervisors are harassing black cafeteria workers. Acting President Walter Adams met with the protesters and said no damage had been done in the cafeteria.

New York—The 29,000-student City College remained closed as talks continued with about 200 black and Puerto Rican students who have seized half the campus to demand enrollment of more minority group students. Sit-ins continued at three other branches of the City University.

At Queens College, which has 26,000 students, several hundred protesters shut down the administration building to demand a professor for 38 students and an amnesty for 10 protesters.

Eleven school officials remain barricaded inside some offices, and students have refused to permit any food to go to the administrators, who are staying to protect college records.

At Queensborough Community College, students and professors remain in the administration building of the 8,500-student school to demand rehiring of a leaving English professor.

Milwaukee, Wis.—About 170 students at Marquette University began an all-night vigil in a campus chapel after a single campus policeman turned them away from an ROTC drill.

Ohio Penitentiary Guard Indicted By Grand Jury

An Ohio Penitentiary guard was charged in Pickaway County Common Pleas court today with burglary, grand larceny and possession of burglary tools.

Pickaway County Sheriff Dwight Radcliff arrested Boro A. Haynes, 28, Circleville, while he was on duty at the penitentiary Tuesday morning.

The April term of the grand jury returned a secret indictment against Boro Monday.

Haynes was accused, with three Cleveland men, of the March 29 breaking and entering of the Landmark Dehydrator Plant northwest of Circleville. He is also charged with the illegal possession of burglary tools.

BOND was set by Judge William Ammer at \$750 on the charges of grand larceny and breaking and entering the Landmark plant. A \$1000 bond was set on the charge of possession of burglary tools.

Haynes is accused of being an accomplice of Frances Beers, 59, a former penitentiary inmate, James Matix, 21, and the latter's brother, Horace, 19.

The Matix brothers, who had been placed on probation by Judge Ammer, testified before the grand jury during its one-day session. Beers is being held in the county jail as a parole violator while awaiting trial.

Court Rules Old Judges Off Ballot

COLUMBUS, Ohio (AP)—The Ohio Supreme Court ruled today that judges aged 70 and older cannot run for re-election this year.

The ruling came in a case involving Parma Municipal Court Judge Stephen A. Zona. Zona became 70 years old last Jan. 6 and in February filed his candidacy for re-election in next week's primary.

Harold D. Graves of Parma filed an action to prohibit the board of elections from placing Zona's name on the ballot. The Supreme Court, in a 5-2 decision, approved Graves' motion.

The case involves a constitutional amendment approved by the Ohio voters May 7, 1968, known as the "modern courts amendment." In adopting the resolution, the legislature had intended that the amendment not become effective until Jan. 10, 1970.

But a condensed version of the resolution appeared on the ballot and it did not contain the 1970 effective date. Because the date was missing, the Supreme Court held that the amendment became effective last May 8.

Wednesday's ruling is expected to affect several judges. Theodore Saker, attorney for Zona, said of the ruling, "We may have an opportunity to appeal to the U.S. Supreme Court."

Nixon Asks Consolidation Of Federal Aid Agencies

WASHINGTON (AP) — President Nixon said today "government paralysis" is threatened by the growing number of federal programs for domestic aid grants. He proposed "new ways of cutting through the tangle."

In a special message to Congress, Nixon called for enactment of a grant consolidation act that would, within closely defined limits, empower him to consolidate closely related federal assistance programs and place them under the jurisdiction of a single agency.

The presidential plan, closely patterned after his existing authority to reorganize the executive branch, would give either house of Congress 60 days in which to veto any proposed consolidation.

"It is an almost universal complaint of local government officials," he said, "that the web of programs has grown so tangled that it often becomes impermeable. However laudable each may be individually, the total effect can be one of government paralysis."

"If these programs are to achieve their intended purposes, we must find new ways of cutting through the tangle," he added.

States, cities, and other recipients of federal grants "find themselves increasingly faced with a welter of overlapping programs, often involving multiple agencies and diverse criteria," he said.

He pictured the results as leading to confusion, waste of time, energy and resources and frequent frustration of the intent of Congress.

Nixon said that under his proposal, "Formulas, interest rates, eligibility requirements, administrative procedures and other terms and conditions of the various programs being consolidated would have to be brought into harmony."

Reduce Charge Against Airman

Grand larceny charge against a Lockbourne AFB airman was reduced in Pickaway County common pleas court Wednesday morning.

Ken Hadsell was charged with stealing a \$119 television set from the Ashville Bar and Grill.

The value of the television set made the incident a felony and grounds for dismissal from the military. The airman recently returned from Vietnam with an excellent record.

On the recommendation of County Prosecutor Roy Huffer Jr. and Sheriff Dwight Radcliff, Judge William Ammer set the value of the set at \$59.

THE new estimated value of the television made the incident a misdemeanor and no longer grounds for military dismissal.

Hadsell entered a plea of guilty to the reduced charge and was placed on probation for one year.

In other business before the court Wednesday morning a Kentucky man was placed on \$1,500 bond by the court for writing bad checks in his home state.

Don Kerns was arrested by Pickaway County Sheriff Dwight Radcliff at the request of Kentucky officials.

Kerns refused to waive his extradition rights. Extradition proceeding must now be conducted through the governor's office.

The defendant currently is in the county jail.

GRAND Chancellor Peters gave remarks concerning the value of men who have become 50-year members and congratulated the new 50-year members. A free will offering of \$35 was given to Dulaney to be used at the Pythian Home.

Visitors were present from Winchester Lodge No. 125, Champion Dowdall No. 581, Sherman Lodge No. 470, Palmetto Lodge No. 513, Westerville Lodge No. 273, of the 11th district, and Pataskala Lodge and Nelsonville Lodge.

Demonstrations

(Continued from Page 1) The 8,500-student school has a \$440,000 government contract with the center.

The boycott began after students, in a referendum Monday, overwhelmingly voted to cut ties with the center. School officials said the absentee rate at this time of year is usually high.

At other campuses: Belmont, N.C.—Seven black students ended a 10-hour seizure of the science building at Belmont Abbey College after administrators said they would consider the 15 demands raised by protesters.

There are nine blacks among the Roman Catholic school's 800 students.

The demands include recruitment of more black students and teachers, more black literature in the school library, a school of black studies and higher pay for nonprofessional workers at the college.

New Orleans, La.—Twelve students and a professor at Tulane University were charged with criminal trespass and disrupting university activities after joining a ROTC marching drill. The maximum penalty for the charges is expulsion.

Campus police dragged the protesters from the drillfield after they refused to move. The ROTC drill was canceled.

St. Louis—The Rev. Paul C. Reinert, president of St. Louis University, said students who held an 11-hour sit-in had legitimate grievances. The protest ended when Reinert signed two promises to investigate charges of harassment of black students and to speed up the incorporation of blacks into the decision-making apparatus at the Jesuit-run school.

East Lansing, Mich.—About 200 black students entered the third day of a "camp-in" at the Michigan State University cafeteria, complaining that white supervisors are harassing black cafeteria workers. Acting President Walter Adams met with the protesters and said no damage had been done in the cafeteria.

New York—The 29,000-student City College remained closed as talks continued with about 200 black and Puerto Rican students who have seized half the campus to demand enrollment of more minority group students. Sit-ins continued at three other branches of the City University.

At Queens College, which has 26,000 students, several hundred protesters shut down the administration building to demand amnesty for 38 students and a professor arrested in an earlier demonstration. They also seek rehiring of a politically active professor whose contract has not been renewed.

Eleven school officials remain barricaded inside some offices, and students have refused to permit any food to go to the administrators, who are staying to protect college records.

At Queensborough Community College, students and professors remain in the administration building of the 8,500-student school to demand rehiring of a leftwing English professor. Milwaukee, Wis.—About 170 students at Marquette University began an all-night vigil in a campus chapel after a single campus policeman turned them away from an ROTC drill.

Deaths

MR. ABE HERROD Funeral services for Mr. Abe Herrod, Hattiesburg, Miss., were held last Thursday.

Mr. Herrod was the father of Mrs. John Jenkins, 606 E. Mount St., and Mrs. William Weston, Columbus.

He died of a heart attack in Tuscaloosa, Ala., while enroute from Hattiesburg, Miss., to Columbus with his daughters. He had planned to make his home with Mrs. Weston.

MR. WILLIAM H. ROBISON Funeral services for Mr. William H. Robison, 54, killed Sunday in an auto accident near Salt Lake City, Utah, will be held 2 p.m. Thursday in the Mader Funeral Home. Friends may call at the funeral home. Burial will be in Floral Hills Cemetery.

Bridge, Dam,

(Continued from Page 1) army spokesman emphasized that the attacks were by commando units and "they met no resistance whatsoever."

U.N. observers have reported that much of the firing along the cease-fire line has been initiated by Egyptian gunners. An Egyptian government spokesman repudiated the cease-fire a week ago, declaring it was no longer binding because the Israelis were building up their fortifications along the east bank. He said this indicated Israel planned to hold the area indefinitely.

Three Hurt As Driver Misses Dog

Three local people were injured in a one car accident Tuesday when the driver swerved her car to avoid striking a dog.

Taken to Mercy Hospital, Columbus, were the driver, Linda Sue Gloyd, 58, Ashville, head injuries; and passenger, Opal Brown, 42, Route 3, fractured vertebrae.

Christine Nungester, 24, Mrs. Gloyd's niece from Adelphi, was taken to Childrens Hospital, Columbus, for treatment of a broken leg. Mrs. Gloyd was northbound on Route 23 at the entrance to St. Joseph Cemetery in Franklin County about 11 a.m. when the dog darted in front of the car from the right side of the road. To avoid hitting the dog, Mrs. Gloyd swerved her car to the left, according to a report by State Highway Patrolman V. M. Ralston. The car went off the left side of the road and into a field.

No citations were issued by the patrol.

An Ohio Penitentiary guard was charged in Pickaway County Common Pleas court today with burglary, grand larceny and possession of burglary tools.

Stock Market Still Strong

NEW YORK (AP) — Investor enthusiasm, bolstered by the stock market's solid advance Tuesday and drawing some strength from renewed Vietnam peace hopes, continued strong early this afternoon, as the market carved out substantial gains in very heavy trading.

The Dow Jones industrial average at noon was up 12.90 to 947.00. The Dow had been up from the start, gaining 6.10 in the first half hour.

Gains led losses by better than 600 issues.

Volume in the first two hours on the New York Stock Exchange was a record of 12.26 million shares. The previous high for the period was 11.43 million shares last Oct. 17.

"The rally already was there," an analyst said, referring to Tuesday's strong advance, "and the renewed hopes of progress in the Vietnam peace talks helped it along."

The Associated Press average of 60 stocks at noon was up 4.0 at 337.9, with industrials up 7.0, rails up 2.2, and utilities up 3.8.

Many large blocks of 10,000 shares or more crossed the tape in early trading, indicating heavier institutional activity.

Twelve of the 20 most-active issues on the New York Exchange were higher, 6 were lower, and 2 were unchanged.

Pickaway County Sheriff Dwight Radcliff arrested Boro A. Haynes, 28, Circleville, while he was on duty at the penitentiary Tuesday morning.

The April term of the grand jury returned a secret indictment against Boro Monday.

Haynes was accused, with three Cleveland men, of the March 29 breaking and entering of the Landmark Dehydrator Plant northwest of Circleville. He is also charged with the illegal possession of burglary tools.

BOND was set by Judge William Ammer at \$750 on the charges of grand larceny and breaking and entering the Landmark plant. A \$1000 bond was set on the charge of possession of burglary tools.

Haynes is accused of being an accomplice of Frances Beers, 59, a former penitentiary inmate, James Matix, 21, and the latter's brother, Horace, 19. The Matix brothers, who had been placed on probation by Judge Ammer, testified before the grand jury during its one-day session. Beers is being held in the county jail as a parole violator while awaiting trial.

Court Rules Old Judges Off Ballot

COLUMBUS, Ohio (AP)—The Ohio Supreme Court ruled today that judges aged 70 and older cannot run for re-election this year.

The ruling came in a case involving Parma Municipal Court Judge Stephen A. Zona. Zona became 70 years old last Jan. 6 and in February filed his candidacy for re-election in next week's primary.

Harold D. Graves of Parma filed an action to prohibit the board of elections from placing Zona's name on the ballot. The Supreme Court, in a 5-2 decision, approved Graves' motion.

The case involves a constitutional amendment approved by the Ohio voters May 7, 1968, known as the "modern courts amendment." In adopting the resolution, the legislature had intended that the amendment not become effective until Jan. 10, 1970.

But a condensed version of the resolution appeared on the ballot and it did not contain the 1970 effective date. Because the date was missing, the Supreme Court held that the amendment became effective last May 8.

Wednesday's ruling is expected to affect several judges. Theodore Saker, attorney for Zona, said of the ruling, "We may have an opportunity to appeal to the U.S. Supreme Court."

OK Tuscarawas Planning Grant

COLUMBUS, Ohio (AP)—The Ohio Department of Urban Affairs announced Tuesday approval of a \$14,016 planning grant to the Tuscarawas Valley Council of Governments.

The money will be used for development of a comprehensive law enforcement improvement plan in Holmes, Coshocton, Muskingum, Tuscarawas, Guernsey, Carroll, Harrison and Jefferson counties.

Nixon Asks Consolidation Of Federal Aid Agencies

WASHINGTON (AP) — President Nixon said today "government paralysis" is threatened by the growing number of federal programs for domestic aid grants. He proposed "new ways of cutting through the tangle."

In a special message to Congress, Nixon called for enactment of a grant consolidation act that would, within closely defined limits, empower him to consolidate closely related federal assistance programs and place them under the jurisdiction of a single agency.

The presidential plan, closely patterned after his existing authority to reorganize the executive branch, would give either house of Congress 60 days in which to veto any proposed consolidation.

"It is an almost universal complaint of local government officials," he said, "that the web of programs has grown so tangled that it often becomes impermeable. However laudable each may be individually, the total effect can be one of government paralysis."

"If these programs are to achieve their intended purposes, we must find new ways of cutting through the tangle," he added.

States, cities, and other rec-

ipients of federal grants "find themselves increasingly faced with a welter of overlapping programs, often involving multiple agencies and diverse criteria," he said.

He pictured the results as leading to confusion, waste of time, energy and resources and frequent frustration of the intent of Congress.

Nixon said that under his proposal, "Formulas, interest rates, eligibility requirements, administrative procedures and other terms and conditions of

the various programs being consolidated would have to be brought into harmony."

Reduce Charge Against Airman

Grand larceny charge against a Lockbourne AFB airman was reduced in Pickaway County common pleas court Wednesday morning.

Ken Hadsell was charged with stealing a \$119 television set from the Ashville Bar and Grill.

The value of the television set made the incident a felony and grounds for dismissal from the military. The airman recently returned from Vietnam with an excellent record.

On the recommendation of County Prosecutor Roy Huffer Jr. and Sheriff Dwight Radcliff, Judge William Ammer set the value of the set at \$59.

THE new estimated value of the television made the incident a misdemeanor and no longer grounds for military dismissal. Hadsell entered a plea of guilty to the reduced charge and was placed on probation for one year.

In other business before the court Wednesday morning a Kentucky man was placed on \$1,500 bond by the court for writing bad checks in his home state.

Don Kerns was arrested by Pickaway County Sheriff Dwight Radcliff at the request of Kentucky officials.

Kerns refused to waive his extradition rights. Extradition proceeding must now be conducted through the governor's office.

The defendant currently is in the county jail.

Circleville, Ohio

Rob Morris Night Observed By Order Of Eastern Star

Circleville Chapter 90 Order of Eastern Star observed Rob Morris Night when they met Tuesday evening in the Masonic Temple.

The business meeting was conducted by Nancy Hamilton, worthy matron. An official welcome was given past grand

matron, Marie L. Hamilton. Past matrons and patrons present were Marie Bennett, Bonnie Rector, Gladys Shepler, Geneva Brink, Donna Foreman, Marie Hamilton, Ruth Cline, Billie Osborne, Margaret Shane, Chestora Peters, Elaine Bowman, Ralph Cloud, Kenneth Shepler, Clarence Radcliffe and James Osborne.

Nancy Hamilton announced that plans have been completed for the serving of a noon luncheon for the Fraternal Order of Police on May 7. Those wishing to assist are requested to call Mrs. Hamilton.

Inspection invitations were received from Belmont Chapter, Dayton, May 3; Heber Chapter, Williamsport, May 8, and Somerset Chapter, June 5.

Committees named to serve at the reception for the deputy grand matron, Mary Elizabeth Radcliffe, on June 29 are: registration, Garnet Reichelderfer, chairman, assisted by Sella Griner, Faye Mahaffey, Daisy Acord and Kitty Mead; hospitality and pin-cards, Bonnie Rector, chairman, assisted by Betty Liston and Gladys Shepler; decorations, Pauline and William Cook; guest table, Flossie Groce and Clara Lathouse; refreshments, Chestora Peters, chairman, assisted by Maxine Elsea, Mary White, Mildred Kuhn, Rosemary Horn, Ruth Cline and Helen Bowling; program, Elaine Bowman, chairman, assisted by Joanne Pettit, Marie Bennett, Marilyn Younkin, Donna Foreman, Nancy Currence and Marcelyn Evans.

Announcement was made that initiatory work will be conducted at the next meeting on May 13.

The program "From The Garden Of Yesteryear" was presented at the close of the meeting. Participating were Geneva Brink, Mary Lou Partee, Ruth Cline, Helen Spung, Rosemary Horn and Gladys Robison. Soloist was Linda Litter, accompanied at the piano by Elaine Bowman.

Refreshments were served from a table centered with spring flowers carrying out the colors of the order. Ruth Cline and committee were in charge of the social hour.

"Civic Beautification" Garden Club Topic

"Civic Beautification" will be the program for the 8 p.m. Monday meeting of Monrovia Garden Club. The meeting will be held in the home of Mrs. Allen Folliott with Mrs. Frank E. Smith as assisting hostess. All members are urged to attend.

When there are lipstick stains on your white cotton or linen napkins, rub the stains with vaseline, then wash in hot suds. If stains persist, bleach with hydrogen peroxide.

Ptl. Barton Speaker For Auxiliary

Ptl. Wesley Barton of the Circleville Police Department was guest speaker at the Monday evening meeting of the American Legion Auxiliary in the Post Home. Ptl. Barton used as his topic "The Misuse Of Drugs."

The business session was conducted by Mrs. Lucille Pickel, president. The unit was informed that there are now 178 members.

Mrs. Bess Simison, rehabilitation chairman, reported that 25 veterans were served cup cakes, colored eggs and candy bars at the recent visit to the Chillicothe Veterans Administration Hospital.

Mrs. Donna Hall, community service chairman, reported that 60 children attended the annual Easter egg hunt at the Post. Of these, 25 were from the Brooks-Yates School. A letter of thanks was received from the students in which they extended an invitation to visit their school.

Members voted to contribute to the Pickaway County Scholarship Fund. They plan to send two girls to school this year from the donations. The unit also voted to buy a new flag for the High St. School.

Named to the nominating committee for new officers were Donna Hall, Mary Stephens and Maggie Mavis.

Mrs. Stacey Day, seventh district president, will attend the May meeting. Preceding the meeting a carry-in dinner will be served at 6:30 p.m.

Following the business session, refreshments were served by Mrs. Gertrude Webbe and Miss Mavis.

Junior Women Plan Program

Junior Women's Club will meet 8 p.m. Thursday in the home of Mrs. Ronald Spence, 424 Holiday Lane.

Mrs. Robert Scherer will teach members the basic techniques of floral arrangements.

AAUW Art Group Slates Session

Art Study Group of the American Assn. of University Women plans to meet 8 p.m. Tuesday in the home of Mrs. William Shanning, 600 Plaza Drive.

Topic for the evening will be "Third Dimensional Sculpture."

Mother-Daughter Banquet Slated

Westminster Bible Class of the First Presbyterian Church will hold its Mother-Daughter Banquet 6:30 p.m. Wednesday, May 7, in the church.

Reservations are to be made by Saturday by calling 474-6474 or 474-3203.

'Contemporary Theater' AAUW Lecture Subject

On Tuesday evening, April 22 at the Nicholas Drive School, Mrs. Carl Heffelfinger, president of the Circleville branch of the American Assn. of University Women, welcomed approximately 170 members and guests. She explained the origin of, and reason for, the lecture series honoring Mrs. Lillian Doherty, formerly of Pickaway County. For the past six years it has been the custom and pleasure of the Circleville branch of AAUW to present an outstanding speaker either in the field of cultural arts or of timely significance. This year Mrs. Sally Jones Sexton of Granville, spoke on the subject "Contemporary Theater."

Being co-producer of "Playhouse-on-the-Green, north of Columbus," Mrs. Sexton is exceptionally well-qualified for the subject and especially gifted with an entertaining style of speech.

Mrs. Sexton turned back the pages of history to the Golden Age of Ancient Greece to recall the origin of dramatic production in the amphitheaters, and so history repeats itself in the modern versions of "theater-in-the-round" as under the Stadium, Gate 10, at OSU and under the big tent at POG.

Going frequently to New York to review plays both on Broadway as well as in the off-Broadway theaters, and having recently returned from such a tour of the London stages, Mrs. Sexton reviewed briefly several of the current productions. She contrasted the ultra-modern concepts, few stage properties (sometimes none), nudity, the prolific use of obscenity with the traditional theater's use of elaborate and magnificent stage settings and eloquent language.

Digressing from theater, Mrs. Sexton spoke also of modern art and music. Leaning toward traditionalism without being Puritanic personally, she spoke of the modern portrayals in all three mediums as being nothing more than mediocrity in lieu of superiority.

As a producer, Mrs. Sexton noted that contemporary theater is always well attended (usually

sell-outs), while it is usually possible to obtain tickets for traditional productions. In a few well-chosen words, she said that it rests with "theater-goers" to show by their patronage if they want a return to theater of literary merit. One production she recommended highly is Hadrian VII, now currently on the New York stage.

Cold Snap Heads East From Lakes

By THE ASSOCIATED PRESS
Rain, wind and occasional snow chilled the Northern Rockies today as a fresh outbreak of unseasonably cold weather rolled out of the North.

Frost nipped portions of the Great Lakes region, where an earlier cold snap lingered and crept onto the Eastern seaboard.

Warnings to stockmen were issued for parts of Montana, Wyoming and the Dakotas. Rain changing to snow was forecast with movement of the storm system into the Northern Plains.

Temperatures toppled into the lower 20s in northern sections of the Rockies before dawn. Bozeman, Mont., registered 22 just after midnight.

Freezing weather also penetrated the Pacific Northwest, chilling portions of Eastern Oregon and Southwestern Idaho with early morning frost.

Rain dampened coastal areas of the Northwest while showers and thundershowers soaked scattered stretches of the Eastern seaboard from the Middle Atlantic states into the South-east.

Temperatures moderated in the Central Plains and western portions of the Midwest.

Floodwater In Upper Midwest Receding

By THE ASSOCIATED PRESS
The Mississippi River, its swollen waters sandwiched on course by sandbags and earthen levees, neared its peak along eastern Iowa today as the waters to the north receded.

The crest of the spring's snowmelt moved past Keithsburg, Ill., and the Weather Bureau forecast the river would crest at 18.2 feet at Burlington, Iowa, today and at 18 feet at Keokuk, Iowa, Thursday.

Up river at Dubuque, Iowa, National Guardsmen who have patrolled the city's flood fortifications since a spring thaw began the flooding, were expected to be deactivated later this week.

In Wisconsin, the state's Division of Emergency Government announced that 15 Wisconsin counties have sustained a total of \$1.8 million flood damage.

They estimated that early warnings and levee work, including \$560,844 in aid from the Army Corps of Engineers, prevented \$145 million damage.

The engineers said Operation Foresight—the construction of

new dikes and the strengthening and raising of old levees in anticipation of the flood—also will prevent further damage along the Mississippi.

An Army spokesman said the widening of the main stream at the point where the Mississippi and Missouri River meet would easily accommodate the crests of the two rivers which will arrive at the point just above St. Louis later this week.

The Mississippi was at flood stage from Cape Girardeau, Mo., to Libby, Minn., on the

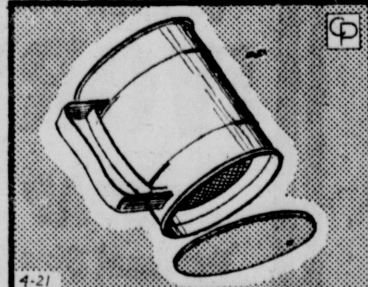

headwaters west of Duluth, except around St. Louis and some points above Minneapolis.

The present overflow is largely on low-lying farmlands or areas where the potential flood loss was too small to justify expensive protection.

Two northward-flowing rivers receded only slightly—the Souris which flooded about one-third of Minto, N.D., and the Red, which formed a 150-mile lake along the North Dakota-Minnesota border.

It may take them three weeks to return to their banks.

Ptl. Barton Speaker For Auxiliary

Ptl. Wesley Barton of the Circleville Police Department was guest speaker at the Monday evening meeting of the American Legion Auxiliary in the Post Home. Ptl. Barton used as his topic "The Misuse Of Drugs."

The business session was conducted by Mrs. Lucille Pickel, president. The unit was informed that there are now 178 members.

Mrs. Bess Simison, rehabilitation chairman, reported that 25 veterans were served cup cakes, colored eggs and candy bars at the recent visit to the Chillicothe Veterans Administration Hospital.

Mrs. Donna Hall, community service chairman, reported that 60 children attended the annual Easter egg hunt at the Post. Of these, 25 were from the Brooks-Yates School. A letter of thanks was received from the students in which they extended an invitation to visit their school.

Members voted to contribute to the Pickaway County Scholarship Fund. They plan to send two girls to school this year from the donations. The unit also voted to buy a new flag for the High St. School.

Named to the nominating committee for new officers were Donna Hall, Mary Stephens and Maggie Mavis.

Mrs. Stacey Day, seventh district president, will attend the May meeting. Preceding the meeting a carry-in dinner will be served at 6:30 p.m.

Following the business session, refreshments were served by Mrs. Gertrude Webbe and Miss Mavis.

'Contemporary Theater' AAUW Lecture Subject

On Tuesday evening, April 22 at the Nicholas Drive School, Mrs. Carl Heffelfinger, president of the Circleville branch of the American Assn. of University Women, welcomed approximately 170 members and guests. She explained the origin of, and reason for, the lecture series honoring Mrs. Lillian Doherty, formerly of Pickaway County. For the past six years it has been the custom and pleasure of the Circleville branch of AAUW to present an outstanding speaker either in the field of cultural arts or of timely significance. This year Mrs. Sally Jones Sexton of Granville, spoke on the subject "Contemporary Theater."

Being co-producer of "Playhouse on the Green," north of Columbus, Mrs. Sexton is exceptionally well-qualified for the subject and especially gifted with an entertaining style of speech.

Mrs. Sexton turned back the pages of history to the Golden Age of Ancient Greece to recall the origin of dramatic production in the amphitheaters, and so history repeats itself in the modern versions of "theater-in-the-round" as under the Stadium, Gate 10, at OSU and under the big tent at POG.

Going frequently to New York to review plays both on Broadway as well as in the off-Broadway theaters, and having recently returned from such a tour of the London stages, Mrs. Sexton reviewed briefly several of the current productions. She contrasted the ultra-modern concepts, few stage properties (sometimes none), nudity, the prolific use of obscenity with the traditional theater's use of elaborate and magnificent stage settings and eloquent language.

Digressing from theater, Mrs. Sexton spoke also of modern art and music. Leaning toward traditionalism without being Puritanic personally, she spoke of the modern portrayals in all three mediums as being nothing more than mediocrity in lieu of superiority.

As a producer, Mrs. Sexton noted that contemporary theater is always well attended (usually sell-outs), while it is usually possible to obtain tickets for traditional productions. In a few well-chosen words, she said that it rests with "theater-goers" to show by their patronage if they want a return to theater of literary merit. One production she recommended highly is Hadrian VII, now currently on the New York stage.

Cold Snap Heads East From Lakes

By THE ASSOCIATED PRESS
Rain, wind and occasional snow chilled the Northern Rockies today as a fresh outbreak of unseasonably cold weather rolled out of the North.

Frost nipped portions of the Great Lakes region, where an earlier cold snap lingered and crept onto the Eastern seaboard.

Warnings to stockmen were issued for parts of Montana, Wyoming and the Dakotas. Rain changing to snow was forecast with movement of the storm system into the Northern Plains.

Temperatures topped into the lower 20s in northern sections of the Rockies before dawn. Bozeman, Mont., registered 22 just after midnight.

Freezing weather also penetrated the Pacific Northwest, chilling portions of Eastern Oregon and Southwestern Idaho with early morning frost.

Rain dampened coastal areas of the Northwest while showers and thundershowers soaked scattered stretches of the Eastern seaboard from the Middle Atlantic states into the Southeast.

Temperatures moderated in the Central Plains and western portions of the Midwest.

Views on Television

By CYNTHIA LOWRY

AP Television-Radio Writer

NEW YORK (AP) — There was a memorable moment in Red Skelton's season finale Tuesday night when Arthur Fiedler, white-manned and dignified conductor of the Boston Pops orchestra, was seen on the podium with a dill pickle stuck in his mouth.

It was an hour program that was a press agent's dream: the Boston Pops plays Skelton's music! And henceforth, one may be certain, the official CBS biography of the comedian will undoubtedly note that Fiedler's men played "The Kadiddlehopper March" and "My Own True Love."

The hour, unhappily, had all the earmarks of a writer's nightmare: Instead of the comfortable security of the comedian's Hollywood studio, the show—or at least a major part of it—was shot in Boston. And the jokes—oh, the jokes—were as elementary as those encountered on the Saturday morning cartoon shows.

Example A: Skelton, playing Clem Kadiddlehopper, accidentally went on a guided tour of the New England city. Confronted with Bunker Hill, our hero said, "Bunker Hill was not fought on the level." It was greeted with a laugh that sounded suspiciously like that of a studio audience.

Example B: Clem, now in white tie and tails, announced an impending Pops number as "Shubert's unfurnished sympathy" and received more of those ghostly boffs.

It took about half the show to get Red and the orchestra together. When he finally made it,

there was some slapstick nonsense that launched the flying pickle.

Skelton, truly a master of pantomime, is also a prolific composer. It may be noted that his march sounded like one, and his love song was played by a lot of violins. Whether either will live as long as the number he wrote for Arthur Godfrey's horse, Goldie, and which Godfrey has played occasionally on his radio show, is of course something that only history can decide.

It is, however, possible to state right now that Skelton does a lot better television show when he sticks around home base.

"The ABM," CBS's succinct primer on the current controversy on this nation's type of nuclear defense, started Tuesday night at the very beginning—a glossary of what narrator Steve Rowan called "Pentagon Jargon."

We learned precisely what is meant by such words as "nuclear deterrent," and first and second "strike capability."

There were other helpful aspects of the hour—mostly maps and charts to show our present and proposed nuclear defense plans. The program, in fact, became confusing and unsettling only when the partisans, pro and con, were heard.

Both sides scored points in logic and salesmanship. And both sides, tossing around awesome statistics and possibilities casually and coolly, combined to paint a frightening picture of the future.

Chemical - Biological Warfare To Come Under Scrutiny

By JEAN HELLER

Associated Press Writer

WASHINGTON (AP) — Congress is opening a broad investigation of a series of weapons potentially as deadly and harder to detect than nuclear fallout—including one where a bomb the size of a fruit jar could wipe out all life within a cubic mile without warning or remedy.

The weapons are gas, bacteria and viruses carefully developed and cultivated for death

and stockpiled in arsenals and military depots throughout the country.

"Deterrence is our primary objective," Pentagon officials say of the stockpiles. "As a matter of policy, the U.S. will not be the first to use biological weapons."

Nonetheless, Sen. J.W. Fulbright, D-Ark., questioning whether such weapons are needed for any purpose, takes his Foreign Relations Committee

into executive session today to begin a wide ranging study of chemical-biological warfare.

Various non-lethal debilitating gases have been used by the United States in Vietnam. The military says tear gas, for example, will flush the enemy from bunkers and tunnels into the open where he can be captured rather than killed.

Chemicals also have been used to strip Vietnam's thick forests of their foliage, depriving the enemy of ground cover.

The current congressional inquiry will concentrate on the materials designed to be deadly.

The Defense Department admitted that at the present time, there is no device available to detect and warn against biological attack, but said it is working on one.

Defense officials said there is no stockpiling of medical supplies to use as antidotes biological attack because there are

more than 100 biological warfare agents and making large quantities of vaccines against all of them is impossible.

The United States also does not keep the antidote to nerve gas for civilian use, the Pentagon said. But it added that the military does have equipment to protect its personnel against chemical warfare.

The Defense Department says strict safety practices are enforced at laboratories where C-B weapons are developed and tested.

Some 6,000 sheep in Skull Valley, Utah, died last year when nerve gas drifted from a C-B warfare testing area at the nearby Dugway Proving Grounds into the pastures.

The Defense Department said it carefully conforms to regulations covering transport of C-B materials overland: there is a layer of sand under the materials during shipment to reduce vibrations and absorb leakage; all shipments are accompanied by escorts; routes are planned to avoid populated centers and materials carried are not volatile.

Congress Blocks More Pay Hikes

WASHINGTON (AP) — The Senate has backed away, at least temporarily, from approving extra pay raises for congressional officials after questions by some members about why they should get less money than their leaders.

When the bill calling for raising the leaders' pay as much as \$19,500 a year reached the Senate floor Tuesday, Sen. John C. Pastore, D-R.I., objected. "I don't think it costs the speaker (of the House) any more to live in Washington than it costs

me," he said.

The bill, already passed by the House, would raise the pay of the vice president and House speaker from \$43,000 to \$62,500 a year. The president pro temp of the Senate and the majority and minority leaders of both the Senate and the House would get pay raises from \$42,500 to \$55,000 a year.

Caught in the middle when the dispute broke out unexpectedly was Vice President Spiro T. Agnew, whose pay raise wasn't opposed. In fact, Pastore suggested that only the vice president get the raise.

Amid indications of agreement from other senators, Sen. Peter Dominick, R-Colo., made

a formal motion to give only Agnew a raise.

Sen. Gale McGee, D-Wyo., interrupted and asked that the bill be recommitted to his Post Office and Civil Service Committee which had approved the measure.

That motion carried, 64-21. Earlier this year, Congress raised the President's pay from \$100,000 to \$200,000 a year.

Shortly thereafter, members accepted for themselves a \$12,500 annual increase that sent their salaries to \$42,500.

That boost, which also saw substantial raises go to federal judges and top officials in the executive department, was the first under a new procedure that

does not require a direct vote by Congress.

Unless either the House or Senate vetoes the raises, they take effect automatically 30 days after the President recommends them.

Joining Pastore were several economy minded senators, including Sen. Harry F. Byrd, D-Va.

"The first thing we did this year was double the President's salary and the second thing we did was to raise our own pay," Byrd said.

"And while we are doing this, we are asking the taxpayers of this nation not only to cope with this terrible inflation but to pay a 10 per cent surtax that we tell them will cure this inflation."

Report Threat Against Sirhan

Prison Official Hears Rumors

SACRAMENTO, Calif. (AP) — A California prison official says there have been rumors that an attempt would be made on the life of Sirhan Bishara Sirhan, assassin of Robert F. Kennedy, if he goes to San Quentin prison.

"They were nothing you could put your fingers on or could validate," Lawrence Wilson, state deputy corrections director, said Monday. "Just the institutional rumors that there could be some reprisals taken."

Meanwhile, a bill to allow the California Corrections Department to send Sirhan to the medical facility at Vacaville died in the state legislature's criminal procedure committee Monday for lack of votes.

Sirhan was convicted of first degree murder and condemned to death by the jury Wednesday. May 21 has been set as a hearing date for possible motions and formal sentencing by the judge.

Among those attending the committee hearing Monday was Lynn Compton, chief deputy district attorney for Los Angeles County and one of Sirhan's prosecutors.

Wilson said Sirhan would be held in a "no man's land" at San Quentin with empty cells on both sides. His area will be separated by a screen from the rest of the sixth floor death row.

Officials said Sirhan still could be housed at Vacaville, built in 1955, if doctors should find he needs special medical or psychiatric care not available at San Quentin, a state prison since the 1850s. The gas chamber is at San Quentin.

Party For Duke Ellington At White House Great Fun

By FRANCES LEWINE

Associated Press Writer

WASHINGTON (AP) — The warm, driving jazz of Duke Ellington filled the East Room, buffing everything to a high, festive glow in one of the swiftest evenings ever at the White House.

The bash honored the Duke on his 70th birthday, and appropriately, everything was topped off with a jam session that didn't break up until 2:15 a.m.

Ellington was awarded a Medal of Freedom by President Nixon and even the citation was hip: "... In the royalty of American music no man swings more or stands higher than the Duke."

Ellington danced, signed autographs, kissed almost everyone on the cheek, including the President, and took a turn at the piano. His judgement on the

evening: "Lovely." Singer Mahalia Jackson pointed out that it was the first time a black man had ever been honored at the White House. And to gauge the fun, a butler said, "I would have worked for nothing tonight."

An all-star jazz ensemble played a strictly Ellington program after a black-tie dinner. The group was the nucleus of the jam session later that included Billy Eckstine, Dizzy Gillespie, Nixon's law partner, Lem Garmant on clarinet, and some scarlet-tinted members of the Marine Band.

President Nixon led a champagne toast "to the greatest Duke of them all—Duke Ellington." He also sat in on piano, tinkling "Happy Birthday." The 180 guests joined in hearty chorus. The Nixons left the party at midnight.

Charge Common Man's Hero With 'Intimidating' Train

WINDSOR, Ont. (AP) — Walter Brisebois is going to be tried June 13 on a charge of "intimidating" a train.

He did it by parking his car on the Canadian National Railway tracks to get even for a long delay at a crossing.

It wasn't the first time Brisebois had been held up at a CNR crossing, but it was the longest. "Eighteen minutes! The top of my head was ready to blow off. I vowed right then and there

to fight them if I had to go to the Supreme Court," he said of his recent experience.

When the train finally passed by, Brisebois, 34, drove his car onto the tracks and left it there.

He stopped outside to smoke and waited for another train to come along. It did. The engineer stopped it, backed up, moved forward again and stopped.

A police car was summoned. "Engine trouble?" asked the officer.

"No," replied the hero of the common man. "I'm going to hold him up for 18 minutes." "You're gonna WHAT?" Brisebois explained.

The officer left to seek the advice of a higher authority. Two officers returned, and ordered Brisebois to move his car. He refused.

Brisebois was arrested on a charge of "intimidating" the train, a rarely used misdemeanor charge.

A defense fund, which has attracted small donations from sympathizers in Windsor as well as Detroit, is up to \$50.

Pomona Grange Program Set

The Program Theme for the Spring Session of Pomona Grange is "Notes and Anecdotes of Harmony." This will be held 8 p.m. May 2 at the Grange Building on the County Fairgrounds.

Star Grange will serve as the Host Grange. Special recognition will be given to the Grange having the most members present.

For the 46th Annual National Music Week, special numbers will be presented by JoAnn Brink, Supervisor of Knight Travel Service, and Weta Mae Leist, Secretary of Pickaway County Agriculture Extension Service.

President Invited To Ohio Dedication

CINCINNATI (AP) — An invitation has been extended to President Nixon to attend the dedication of the Regional Crime Information Center here May 28.

Ceremonies will be conducted in the Cincinnati Convention-Exposition Center.

On the southwest edge of Cleveland, where Interstate 71 slashes through a fossil rich section of shale, the city's Natural Science Museum has recovered tens of thousands of specimens of fish that swam in Devonian seas 350 million years ago.

Views on Television

By CYNTHIA LOWRY
AP Television-Radio Writer

NEW YORK (AP) — There was a memorable moment in Red Skelton's season finale Tuesday night when Arthur Fiedler, white-haired and dignified conductor of the Boston Pops orchestra, was seen on the podium with a dill pickle stuck in his mouth.

It was an hour program that was a press agent's dream: the Boston Pops plays Skelton's music. And henceforth, one may be certain, the official CBS biography of the comedian will undoubtedly note that Fiedler's men played "The Kaddish for March" and "My Own True Love."

The hour, unhappily, had all the earmarks of a writer's nightmare. Instead of the comfortable security of the comedian's Hollywood studio, the show—or at least a major part of it—was shot in Boston. And the jokes—oh, the jokes—were as elementary as those encountered on the Saturday morning cartoon shows.

Example A: Skelton, playing Clem Kadiddlehopper, accidentally went on a guided tour of the New England city. Confronted with Bunker Hill, our hero said, "Bunker Hill was not fought on the level." It was greeted with a laugh that sounded suspiciously like that of a studio audience.

Example B: Clem, now in white tie and tails, announced an impending Pops number as "Shubert's unfurnished sympathy" and received more of those ghostly boffs.

It took about half the show to get Red and the orchestra together. When he finally made it,

there was some slapstick nonsense that launched the flying pickle.

Skelton, truly a master of pantomime, is also a prolific composer. It may be noted that his march sounded like one, and his love song was played by a lot of violins. Whether either will live as long as the number he wrote for Arthur Godfrey's horse, Goldie, and which Godfrey has played occasionally on his radio show, is of course something that only history can decide.

It is, however, possible to state right now that Skelton does a lot better television show when he sticks around home base.

"The ABM," CBS's succinct primer on the current controversy on this nation's type of nuclear defense, started Tuesday night at the very beginning—a glossary of what narrator Steve Rowan called "Pentagon Jargon."

We learned precisely what is meant by such words as "nuclear deterrent," and first and second "strike capability."

There were other helpful aspects of the hour—mostly maps and charts to show our present and proposed nuclear defense plans. The program, in fact, became confusing and unsettling only when the partisans, pro and con, were heard.

Both sides scored points in logic and salesmanship. And both sides, tossing around awesome statistics and possibilities casually and coolly, combined to paint a frightening picture of the future.

Party For Duke Ellington At White House Great Fun

By FRANCES LEWINE
Associated Press Writer
WASHINGTON (AP) — The warm, driving jazz of Duke Ellington filled the East Room, buffing everything to a high, festive glow in one of the swiftest evenings ever at the White House.

The bash honored the Duke on his 70th birthday, and appropriately, everything was topped off with a jam session that didn't break up until 2:15 a.m.

Ellington was awarded a Medal of Freedom by President Nixon and even the citation was hip: "... In the royalty of American music no man swings more or stands higher than the Duke."

Ellington danced, signed autographs, kissed almost everyone on the cheek, including the President, and took a turn at the piano. His judgement on the

evening: "Lovely." Singer Mahalia Jackson pointed out that it was the first time a black man had ever been honored at the White House. And to gauge the fun, a butler said, "I would have worked for nothing tonight."

An all-star jazz ensemble played a strictly Ellington program after a black-tie dinner. The group was the nucleus of the jam session later that included Billy Eckstine, Dizzy Gillespie, Nixon's law partner, Lem Garmant on clarinet, and some scarlet-tunicked members of the Marine Band.

President Nixon led a champagne toast "to the greatest Duke of them all—Duke Ellington." He also sat in on piano, tinkling "Happy Birthday." The 180 guests joined in hearty chorus. The Nixons left the party at midnight.

Charge Common Man's Hero With 'Intimidating' Train

WINDSOR, Ont. (AP) — Walter Brisebois is going to be tried June 13 on a charge of "intimidating" a train.

He did it by parking his car on the Canadian National Railway tracks to get even for a long delay at a crossing.

It wasn't the first time Brisebois had been held up at a CNR crossing, but it was the longest. "Eighteen minutes! The top of my head was ready to blow off. I vowed right then and there

to fight them if I had to go to the Supreme Court," he said of his recent experience.

When the train finally passed by, Brisebois, 34, drove his car onto the tracks and left it there.

He stopped outside to smoke and waited for another train to come along. It did. The engineer stopped it, backed up, moved forward again and stopped.

A police car was summoned. "Engine trouble?" asked the officer.

"No," replied the hero of the common man. "I'm going to hold him up for 18 minutes."

"You're gonna WHAT?" Brisebois explained.

The officer left to seek the advice of a higher authority. Two officers returned, and ordered Brisebois to move his car. He refused.

Brisebois was arrested on a charge of "intimidating" the train, a rarely used misdemeanor charge.

A defense fund, which has attracted small donations from sympathizers in Windsor as well as Detroit, is up to \$50.

Favor Faulkner As Irish Leader

BELFAST, Northern Ireland (AP) — Brian Faulkner emerged Tuesday as the favorite to become Northern Ireland's prime minister by the weekend.

Faulkner was understood to have the support of rebel factions in the ruling Unionist Party who helped force the resignation yesterday of Capt. Terence O'Neill as party leader.

O'Neill, prime minister for six years, said he would give up that post as soon as a successor is chosen to head the party. The Unionists are expected to meet Thursday for that purpose.

President Invited To Ohio Dedication

CINCINNATI (AP) — An invitation has been extended to President Nixon to attend the dedication of the Regional Crime Information Center here May 28.

Ceremonies will be conducted in the Cincinnati Convention-Exposition Center.

On the southwest edge of Cleveland, where Interstate 71 slashes through a fossil rich section of shale, the city's Natural Science Museum has recovered tens of thousands of specimens of fish that swam in Devonian seas 350 million years ago.

Pomona Grange Program Set

The Program Theme for the Spring Session of Pomona Grange is "Notes and Anecdotes of Harmony." This will be held 8 p.m. May 2 at the Grange Building on the County Fairgrounds.

Star Grange will serve as the Host Grange. Special recognition will be given to the Grange having the most members present.

For the 46th Annual National Music Week, special numbers will be presented by JoAnn Brink, Supervisor of Knight Travel Service, and Weta Mae Leist, Secretary of Pickaway County Agriculture Extension Service.

Chemical - Biological Warfare To Come Under Scrutiny

By JEAN HELLER
Associated Press Writer

WASHINGTON (AP) — Congress is opening a broad investigation of a series of weapons potentially as deadly and harder to detect than nuclear fallout—including one where a bomb the size of a fruit jar could wipe out all life within a cubic mile without warning or remedy.

The weapons are gas, bacteria and viruses carefully developed and cultivated for death

and stockpiled in arsenals and military depots throughout the country.

"Deterrence is our primary objective," Pentagon officials say of the stockpiles. "As a matter of policy, the U.S. will not be the first to use biological weapons."

Nonetheless, Sen. J.W. Fulbright, D-Ark., questioning whether such weapons are needed for any purpose, takes his Foreign Relations Committee

into executive session today to begin a wide ranging study of chemical-biological warfare.

Various non-lethal debilitating gases have been used by the United States in Vietnam. The military says tear gas, for example, will flush the enemy from bunkers and tunnels into the open where he can be captured rather than killed.

Chemicals also have been used to strip Vietnam's thick forests of their foliage, depriving

the enemy of ground cover. The current congressional inquiry will concentrate on the materials designed to be deadly.

The Defense Department admitted that at the present time, there is no device available to detect and warn against biological attack, but said it is working on one.

Defense officials said there is no stockpiling of medical supplies to use as antidotes biological attack because there are

more than 100 biological warfare agents and making large quantities of vaccines against all of them is impossible.

The United States also does not keep the antidote to nerve gas for civilian use, the Pentagon said. But it added that the military does have equipment to protect its personnel against chemical warfare.

The Defense Department says strict safety practices are enforced at laboratories where C-B weapons are developed and tested.

Some 6,000 sheep in Skull Val-

ley, Utah, died last year when nerve gas drifted from a C-B warfare testing area at the nearby Dugway Proving Grounds into the pastures.

The Defense Department said it carefully conforms to regulations covering transport of C-B materials overland: there is a layer of sand under the materials during shipment to reduce vibrations and absorb leakage; all shipments are accompanied by escorts; routes are planned to avoid populated centers and materials carried are not volatile.

Congress Blocks More Pay Hikes

WASHINGTON (AP) — The Senate has backed away, at least temporarily, from approving extra pay raises for congressional officials after questions by some members about why they should get less money than their leaders.

When the bill calling for raising the leaders' pay as much as \$19,500 a year reached the Senate floor Tuesday, Sen. John C. Pastore, D-R.I., objected "I don't think it costs the speaker (of the House) any more to live in Washington than it costs

me," he said.

The bill, already passed by the House, would raise the pay of the vice president and House speaker from \$43,000 to \$62,500 a year. The president pro temp of the Senate and the majority and minority leaders of both the Senate and the House would get pay raises from \$42,500 to \$55,000 a year.

Caught in the middle when the dispute broke out unexpectedly was Vice President Spiro T. Agnew, whose pay raise wasn't opposed. In fact, Pastore suggested that only the vice president get the raise.

Amid indications of agreement from other senators, Sen. Peter Dominick, R-Colo., made

a formal motion to give only Agnew a raise.

Sen. Gale McGee, D-Wyo., interrupted and asked that the bill be recommitted to his Post Office and Civil Service Committee which had approved the measure.

That motion carried, 64-21. Earlier this year, Congress raised the President's pay from \$100,000 to \$200,000 a year.

Shortly thereafter, members accepted for themselves a \$12,500 annual increase that sent their salaries to \$42,500.

That boost, which also saw substantial raises go to federal judges and top officials in the executive department, was the first under a new procedure that

does not require a direct vote by Congress.

Unless either the House or Senate vetoes the raises, they take effect automatically 30 days after the President recommends them.

Joining Pastore were several economy minded senators, including Sen. Harry F. Byrd, D-Va.

"The first thing we did this year was double the President's salary and the second thing we did was to raise our own pay," Byrd said.

"And while we are doing this, we are asking the taxpayers of this nation not only to cope with this terrible inflation but to pay a 10 per cent surtax that we tell them will cure this inflation."

Report Threat Against Sirhan

Prison Official Hears Rumors

SACRAMENTO, Calif. (AP) — A California prison official says there have been rumors that an attempt would be made on the life of Sirhan Bishara Sirhan, assassin of Robert F. Kennedy, if he goes to San Quentin prison.

"They were nothing you could put your fingers on or could validate," Lawrence Wilson, state deputy corrections director, said Monday. "Just the institutional rumors that there could be some reprisals taken."

Meanwhile, a bill to allow the California Corrections Department to send Sirhan to the medical facility at Vacaville died in the state legislature's criminal procedure committee Monday for lack of votes.

Sirhan was convicted of first degree murder and condemned to death by the jury Wednesday. May 21 has been set as a hearing date for possible motions and formal sentencing by the judge.

Among those attending the committee hearing Monday was Lynn Compton, chief deputy district attorney for Los Angeles County and one of Sirhan's prosecutors.

Wilson said Sirhan would be held in a "no man's land" at San Quentin with empty cells on both sides. His area will be separated by a screen from the rest of the sixth floor death row.

Officials said Sirhan still could be housed at Vacaville, built in 1955, if doctors should find he needs special medical or psychiatric care not available at San Quentin, a state prison since the 1850s. The gas chamber is at San Quentin.

Walnut Pre School Clinic Scheduled

Pre-School Clinic for Walnut Elementary school will be May 15.

Registration will be from 9 a.m. to 11:30 a.m. and must be accompanied by a birth certificate and immunization record of the pre-schooler. The child must be six years of age by September 30 in order to register.

Mrs. Pickens, county health nurse, will be on duty at the school during hours of registration.

Cincinnati Charter Group Head Quits

CINCINNATI (AP) — The head of the City's Charter party since 1962 resigned Monday, saying the political organization needed new leadership.

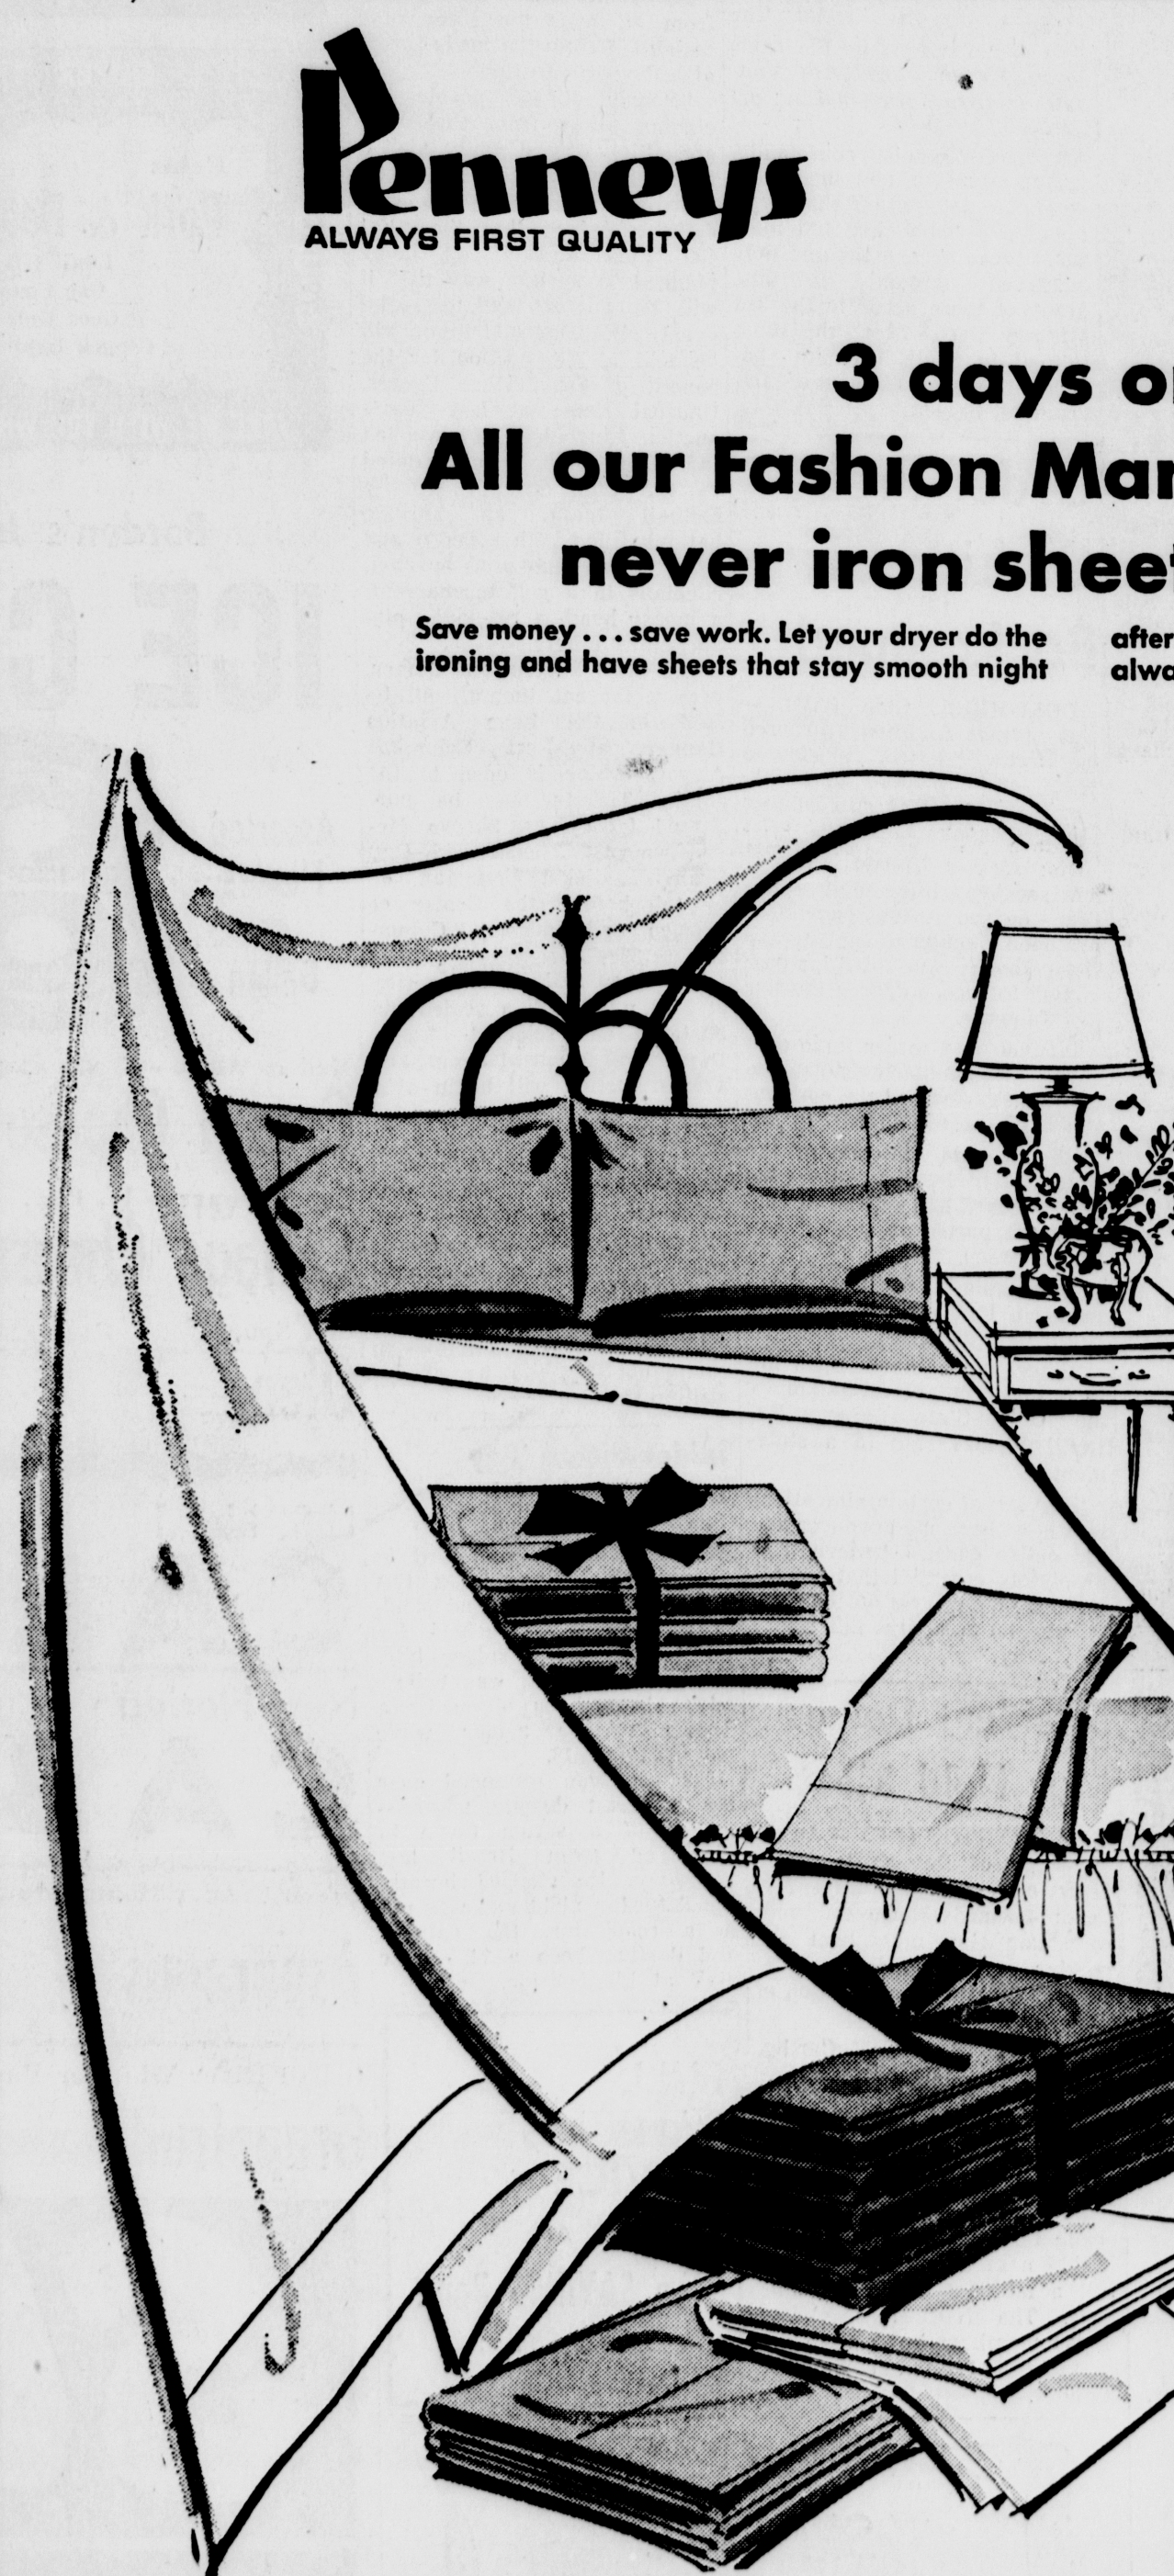

Leonard Sive, an advertising executive, had told the party last year that it would be impractical for him to continue at his post, especially because of his business activities.

B52 Bombing Campaign Continues Against Cong

SAIGON (AP) — The U.S. Command has launched another B52 bombing campaign to harass North Vietnamese troops in the jungles north of Saigon. Military spokesmen reported today.

In a 24-hour period Monday and Tuesday, 36, Stratofortresses dropped more than 1,000 tons of explosives on North Vietnamese bases in the enemy's War Zones C and D. The strikes ranged from 71 miles northwest of Saigon to 55 miles northeast of the capital. Some were within 1 1/2 miles of the Cambodian border.

Spokesmen said the bombing concentration in War Zone C is

the heaviest of the war, with nearly 200 bombing raids flown along the Cambodian border in the past week.

The bulk of four North Vietnamese divisions is said to be concentrated in these two zones.

For the past four years, U.S. troops have battled enemy soldiers in the 2,000 uninhabited square miles of War Zone C, but all the fighting apparently has resolved nothing.

Two North Vietnamese divisions operating there have always been able to replace their losses from bases across the Cambodian border, using Zone C as a staging area for attacks

into populated areas and allied bases to the southeast.

Sources said some captured documents mention another enemy offensive in the summer-autumn months, but intelligence officers have been unable to determine any firm trend. The aim of the stepped up B52 raids is to prevent the North Vietnamese troops from getting organized.

The Communist command's spring offensive, now in its 10th week, has tapered off sharply to about a dozen rocket and mortar attacks each night and only scattered ground assaults. Many of these occur in the 3rd Military Corps area, the most critical in South Vietnam because it includes the seat of government, Saigon.

Protection, Driving Tips Given Vacationer By Sheriff

Sheriff Dwight E. Radcliff said in the next few months many people in our county will be taking vacation trips. These trips should be planned with safety in mind so that nothing occurs to interrupt a long planned vacation.

Before you leave, notify your sheriff or police you will be gone and ask them to check your home. Leave a plan of your trip with a friend who could contact you, should an emergency arise.

Stop deliveries of milk and papers. Arrange for a neighbor to pick up your mail. Leave a light on, lock all windows and doors, pull all blinds or drapes.

Have a neighbor call police if they see anything suspicious. By doing these few minor things, you won't leave your home a stand-out for a possible burglar.

Prospective burglars drive around in the summer months looking for homes to burglarize where tell-tale evidence can be seen that the owner is away on vacation.

The sheriff also says to observe certain basic car safety rules before leaving, have your tires, brakes and lights checked. When on your trip follow certain safe driving recommendations, such as:

At the first sign of blurred vision or heavy eyelids, stop your car and rest. You've just been introduced to the highway hypnotist.

Stop at regular intervals

whether you feel tired or not. Take time to refresh yourself by getting out of the car.

Instead of eating a big meal just before or during a long trip, you should stop frequently and eat small amounts.

Try not to drive long distances at night because the danger of hypnosis is much greater. Darkness has the tendency to relax some drivers too much.

Also keep instrument panel lights low to reduce hypnotic glare.

Start a trip well-rested. Fatigue deteriorates your entire driving ability. Wear loose-fitting clothes and keep air circulating in the car.

Play the radio, but avoid slow dreamy music and change stations frequently. Sing out loud or whistle along.

Don't follow the same car too long. If you find yourself staring or if your eyes begin to glaze, pull off the pavement. Run the windshield wipers a few minutes or walk around outside.

If your right foot goes to sleep, stop off the pavement and remove your shoes. Vibrations from the gas pedal will have a stimulating effect on the foot.

Try to avoid sun glare. Prolonged exposure to glare is a major factor in eye-strain which in turn causes fatigue.

Keep thinking of emergency situations. Concentrate on gauging a safe stopping distance ahead. Search for an escape route to one side.

Science Center Plans Annual Flea Market

Circleville residents were invited today to attend the May 24 "Fat Cat Flea Market," second annual auction and dinner to raise funds for the operation and growth of the Columbus Center of Science and Industry (COSI).

W. Frederick Laird, Columbus, a member of the board of the Science Center and president of Columbia Gas of Ohio, Inc., is serving as general chairman for the event for the second consecutive year. James McIntosh, Columbus, president of Midland Mutual Life Insurance Co., is vice chairman.

Laird said the event represents something "unique, exciting and real fun" for the Central Ohio area. He added that last year's auction raised more than \$19,000 for the Science Center.

"The money from last year's auction has provided additional science and history programs and facilities, film programs, classroom equipment such as microscopes, student research laboratory facilities, a motion picture camera for history and science documentation, and development of new exhibits," Laird said.

He pointed out that people from all over the state have benefitted from the funds raised at last year's auction.

"Nearly 167,000 people, including many from Circleville and Pickaway County visited the Science Center in 1968," Laird said.

He explained that the "Fat Cat Flea Market" is being planned in such a way that it will be an outstanding social event. Many unusual items will be sold at the auction for the benefit of the Science Center. Unusual items at last year's auction included a wooden Indian, a football autographed by the Ohio State University football team, an antique bathtub filled with popcorn and jelly, a golf club used by Jack Nicklaus in a golf tournament, a moose head, a 200-pound pig, and many others.

The COSI auction and dinner, with a fat cat theme, will be held in the Lane Aviation Hangar at Port Columbus Airport which is open to the public. Tickets may be purchased from Mrs. Shreve McCracken, 436 Thornewood Dr., Granville, ticket chairman, or by telephoning the Center of Science and Industry, Columbus, at 228-6361.

The event will get under way at 5:30 p.m. with a sealed bid auction on selected items. Dinner will follow at 7 p.m. and a live auction will begin at 9 p.m. Si Lakin, Columbus, will be auctioneer.

Laird said an additional source of income for the Science Center is needed to help meet increasing operating expenses and to provide expanded facilities, including an audiovisual conference center with film, sound and television equipment for use by groups visiting the Center.

Spider-Bitten Boy Still Gravely Ill

CLEVELAND, Ohio (AP) — Todd Quester, 5, remained in "very critical" condition this morning at Babies and Children's Hospital, where he is being treated for a spider bite. Todd, of Amherst, was believed to have been bitten by a brown recluse spider while playing April 18.

His condition worsened over the weekend despite administration of a serum flown to Cleveland from Brazil last Thursday. He stopped breathing Saturday night and was put in a respirator. His parents and doctors keep a 24-hour vigil at his bedside.

Order Probe Of Licavoli Background

COLUMBUS, Ohio (AP) — Gov. James A. Rhodes ordered the Highway Patrol Tuesday to begin an immediate investigation of all matters surrounding convict Thomas Licavoli.

The former Toledo mobster now serving a life sentence on a first-degree murder conviction has been a center of controversy since Rhodes commuted his conviction to second-degree murder last January.

Licavoli is a major topic of a current Life magazine story concerning Rhodes and the commutation of the sentence.

Rhodes said he ordered the probe after learning the Ohio parole board had moved to continue the parole application until February, 1974.

The parole board formally announced this earlier Tuesday, confirming its action of April 15.

"I feel it incumbent upon me to order a full investigation by the Ohio State Highway Patrol," Rhodes said in a statement.

"In view of certain allegations that have been made concerning the entire case, I believe it is absolutely essential that we obtain all of the facts on the matter and let the chips fall where they may."

Dissident Demos May Hold Meet

WASHINGTON (AP) — An organization of Democrats which grew out of last year's McCarthy-Kennedy-McGovern anti-war campaign may beat the regular party to the punch by holding a national convention of its own later in 1969.

Sens. Eugene J. McCarthy, Edmund S. Muskie and Mike Mansfield all have supported the idea of a midterm Democratic National Convention in 1970 to adopt a party platform.

But leaders of the New Democratic Coalition are expected to decide next month whether to call a national convention this year. The NDC now claims 65,000 members in 32 state organizations formed since last October.

Science Center Plans Annual Flea Market

Circleville residents were invited today to attend the May 24 "Fat Cat Flea Market," second annual auction and dinner to raise funds for the operation and growth of the Columbus Center of Science and Industry (COSI).

W. Frederick Laird, Columbus, a member of the board of the Science Center and president of Columbia Gas of Ohio, Inc., is serving as general chairman for the event for the second consecutive year. James McIntosh, Columbus, president of Midland Mutual Life Insurance Co., is vice chairman.

Laird said the event represents something "unique, exciting and real fun" for the Central Ohio area. He added that last year's auction raised more than \$19,000 for the Science Center.

"The money from last year's auction has provided additional science and history programs and facilities, film programs, classroom equipment such as microscopes, student research laboratory facilities, a motion picture camera for history and science documentation, and development of new exhibits," Laird said.

He pointed out that people from all over the state have benefitted from the funds raised at last year's auction.

"Nearly 167,000 people, including many from Circleville and Pickaway County visited the Science Center in 1968," Laird said.

He explained that the "Fat Cat Flea Market" is being planned in such a way that it will be an outstanding social event. Many unusual items will be sold at the auction for the benefit of the Science Center. Unusual items at last year's auction included a wooden Indian, a football autographed by the Ohio State University football team, an antique bathtub filled with popcorn and jelly, a golf club used by Jack Nicklaus in a golf tournament, a moose head, a 200-pound pig, and many others.

The COSI auction and dinner, with a fat cat theme, will be held in the Lane Aviation Hangar at Port Columbus Airport which is open to the public. Tickets may be purchased from Mrs. Shreve McCracken, 436 Thornwood Dr., Granville, ticket chairman, or by telephoning the Center of Science and Industry, Columbus, at 228-6361.

The event will get under way at 5:30 p.m. with a sealed bid auction on selected items. Dinner will follow at 7 p.m. and a live auction will begin at 9 p.m. Si Lakin, Columbus, will be auctioneer.

Laird said an additional source of income for the Science Center is needed to help meet increasing operating expenses and to provide expanded facilities, including an audiovisual conference center with film, sound and television equipment for use by groups visiting the Center.

Spider-Bitten Boy Still Gravely Ill

CLEVELAND, Ohio (AP) — Todd Quenter, 5, remained in "very critical" condition this morning at Babies and Children's Hospital, where he is being treated for a spider bite. Todd, of Amherst, was believed to have been bitten by a brown recluse spider while playing April 18.

His condition worsened over the weekend despite administration of a serum flown to Cleveland from Brazil last Thursday. He stopped breathing Saturday night and was put in a respirator. His parents and doctors keep a 24-hour vigil at his bedside.

Dear Abby: By Abigail Van Buren

Depressing Mom Taxes Her Love

DEAR ABBY: My mother is a widow in her early seventies who has been "dying" for the past 25 years. She keeps praying to die, and says she "knows" she will not live much longer. The doctors tell me there is nothing wrong with her.

It is very depressing to be around her. I want to be a loyal daughter, but I am so tired of hearing her say that she is praying to die, when there are so many people who are praying to stay alive.

The biggest problem is that she demands so much of my time. I am married and have my own family, Abby, and I just can't run over there and spend every day with her. I feel a responsibility to my mother, but she makes me feel guilty if I don't see her every single day. I have three brothers and two sisters. Have you any suggestion?

TIED TO MOM

DEAR TIED: If you've heard her "praying to die" story for 25 years, you should be used to it by now. You should also realize that she probably does not mean it and she could be a little sick. Handle her as you would a demanding child. Be compassionate and patient, but firm. Give her what time you can, and don't feel guilty about the rest. Your problem is not your mother. It's your inability to accept a situation which you can't change.

DEAR ABBY: Why do parents teach their children that we are all "brothers," and therefore should not judge another by his race, color or the church he goes to. But when their own son or daughter gets serious with someone of another race, religion or color, they wring their hands and say, "You are breaking our hearts." Why?

MADISON, WIS.

DEAR MADISON: Good question. All parents want their children to have the greatest possible happiness in life. Marriage, at its best, has many problems, but a "mixed" marriage is doomed to fail. But in a mixed marriage, the percentages are always against the house divided.

DEAR ABBY: "FED UP IN BARTLESVILLE" objected to the hostess whose kids have to be the center of attraction while an adult party is going on. How about guests who are called upon to entertain the DOG?

Regardless of who is visiting, this mutt lays a rubber ball at the guest's feet, and barks until the guest throws the ball to be retrieved. This of course stops any meaningful adult conversation.

Should the guest be so rude as to ignore the dog, the hostess then proceeds to throw the ball to the far end of the large den to be retrieved over and over again, thus demonstrating to the guest his ill manners.

Bank Bill Under Study

COLUMBUS, Ohio (AP) — A bill that would extend the one-man, one-vote rule to state chartered banks will get some top caliber support at an Ohio Legislature committee hearing next week.

Sen. Tennyson Guyer, R - 2 Findlay, said following an initial hearing Tuesday night that former U. S. Sen. Frank J. Lausche would appear on the bill's behalf at the next hearing.

Sen. David S. Holcomb, R-6 Dayton, sponsor of the measure, testified that the idea behind the bill is to extend to state chartered banks what is now required of corporations and national banks.

The bill would permit cumulative voting by bank shareholders for members of its board of directors.

Under present law, a bank shareholder is permitted one vote for each of his shares. The new proposal would give him one vote regardless of his number of shares.

Murder Charge Is Reinstated Against Man

NEW YORK (AP) — A murder charge was reinstated Tuesday against David Thomas, 31, who earlier had pleaded guilty to raping a runaway Ohio girl found dead in Chinatown.

Thomas and Ronnie Alfio, 27, had been charged with the slaying of 13-year-old Deborah Neill of Vickery, Ohio, but the two were permitted to plead guilty to the lesser charge of rape.

On Tuesday, however, Thomas told State Supreme Court Judge George Postel that he was emotionally and psychologically upset when he entered the plea.

Postel granted withdrawal of the plea, reinstated the murder charge and set trial for May 5. Alfio, who awaits sentencing, faces up to 25 years in prison. Miss Neill's body was found at the bottom of an airshaft six

Fischer Quints Still Kept Out Of Public Eye

By JIM WILSON
Associated Press Writer
ABERDEEN, S.D. (AP) — A "No Trespassing" sign hangs from a wire fence around the farm home of the Fischer quintuplets.

The warning would hardly be significant elsewhere in these pheasant-rich plains but this one is aimed at sightseers, not hunters.

Security was tightened around Mary Ann, Mary Magdalene, Mary Catherine, James Andrew and Mary Margaret soon after they were born at St. Luke's Hospital in Aberdeen Sept. 14, 1963.

The Fischer five are only the third set of quintuplets who floors down from an apartment, where the two men were accused of luring her and then raping her.

have survived in the Western Hemisphere. And their parents, Andrew and Mary Ann Fischer, were determined that they would be raised in as much privacy as possible for youngsters issued Social Security numbers at the age of six months.

Mrs. Fischer, now 36, has said her quintuplets will be reared like the other six children in the family, unobtrusively and without fanfare.

From the looks of things she is succeeding.

Fellow residents of Aberdeen (population 25,000) have adopted a somewhat protective attitude toward the quintuplets.

A store clerk who said she once bowed in the same league as Mrs. Fischer said, "I believe you might say they have what some people call a tight circle of friends and family."

"And I don't blame them," she added. "If I were in their

spot I'd be wary of people too." It wasn't always that way. B.E. Kirkgasler, a local clothier, recalled the days and weeks just after the quintuplets were born.

"I think a lot of people saw the birth as a possible bonanza to Aberdeen. The city even tried to use the quintuplets as a reason to get the state highway department to put a new highway through town."

Soon quintuplet dolls appeared. There were quintuplet post cards, memorial coins, bumper stickers and even a cocktail called a quintini—with four olives and an onion.

But today most of this is gone. One of the more popular local guessing games for a time was the extent of the annual income for the family from exclusive contracts and outright gifts.

The estimates ranged from \$60,000 to \$250,000, but neither

the family nor their attorneys would discuss that. The truth probably lies somewhere in between.

Fischer, now 44, is a lean man who wears a closely cropped crew cut. In 1963 he was completing his 18th year of employment at a grocery wholesale house in Aberdeen, earning \$78 a week.

Andrew and Mary Ann met at a bowling alley when he was president of a league and she was one of the best distaff bowlers in town.

He returned to the grocery wholesale firm after the quintuplets were born, but he wanted to buy a cattle farm. The dream came true in 1964 when he put \$30,000 down on a \$100-an-acre, 800-acre farm site. Construction on the 12 bedroom home started almost immediately after that.

Acquaintances say Fischer has all 800 acres in grassland

and is building up a herd of Hereford cattle.

There are five older Fischer children, four daughters and a son.

The quintuplets will begin first grade this fall at one of the two Catholic grade schools in the city, probably Sacred Heart School, which their older brother and sisters attend.

Liquor Prices May Rise Sharply
COLUMBUS, Ohio (AP) — State Liquor Department officials say proposed increases in liquor prices to get more revenue for education would boost whiskey by as much as 38 cents a bottle.

The legislature is considering proposals to increase the state's liquor markup from 30 per cent to the permissible 35 per cent as a means of financing the administration's education plan.

Dear Abby:

By Abigail Van Buren

Depressing Mom Taxes Her Love

DEAR ABBY: My mother is a widow in her early seventies who has been "dying" for the past 25 years. She keeps praying to die, and says she "knows" she will not live much longer. The doctors tell me there is nothing wrong with her.

It is very depressing to be around her. I want to be a loyal daughter, but I am so tired of hearing her say that she is praying to die, when there are so many people who are praying to stay alive.

The biggest problem is that she demands so much of my time. I am married and have my own family, Abby, and I just can't run over there and spend every day with her. I feel a responsibility to my mother, but she makes me feel guilty if I don't see her every single day. I have three brothers and two sisters. Have you any suggestion?

TIED TO MOM

DEAR TIED: If you've heard her "praying to die" story for 25 years, you should be used to it by now. You should also realize that she probably does not mean it and she could be a little sick. Handle her as you would a demanding child. Be compassionate and patient, but firm. Give her what time you can, and don't feel guilty about the rest. Your problem is not your mother. It's your inability to accept a situation which you can't change.

DEAR ABBY: Why do parents teach their children that we are all "brothers," and therefore should not judge another by his race, color or the church he goes to. But when their own son or daughter gets serious with someone of another race, religion or color, they wring their hands and say, "You are breaking our hearts." Why?

MADISON, WIS.

DEAR MADISON: Good question. All parents want their children to have the greatest possible happiness in life. Marriage, at its best, has many problems, but a "mixed" marriage is doomed to fail. But in a mixed marriage, the percentages are always against the house divided.

DEAR ABBY: "FED UP IN BARTLESVILLE" objected to the hostess whose kids have to be the center of attraction while an adult party is going on. How about guests who are called upon to entertain the DOG?

Regardless of who is visiting, this mutt lays a rubber ball at the guest's feet, and barks until the guest throws the ball to be retrieved. This of course stops any meaningful adult conversation.

Should the guest be so rude as to ignore the dog, the hostess then proceeds to throw the ball to the far end of the large den to be retrieved over and over again, thus demonstrating to the guest his ill manners.

Bank Bill Under Study

COLUMBUS, Ohio (AP) — A bill that would extend the one-man, one-vote rule to state chartered banks will get some top caliber support at an Ohio Legislature committee hearing next week.

Sen. Tennyson Guyer, R - 2 Findlay, said following an initial hearing Tuesday night that former U. S. Sen. Frank J. Lausche would appear on the bill's behalf at the next hearing.

Sen. S. Holcomb, R-6 Dayton, sponsor of the measure, testified that the idea behind the bill is to extend to state chartered banks what is now required of corporations and national banks.

The bill would permit cumulative voting by bank shareholders for members of its board of directors.

Under present law, a bank shareholder is permitted one vote for each of his shares. The new proposal would give him one vote regardless of his number of shares.

Civil Rights Bill Submitted To Congress

WASHINGTON (AP) — A four-part civil rights bill was submitted to the Senate Tuesday in advance of Nixon administration proposals in the field.

Sen. Philip A. Hart, D-Mich., announced he was introducing the measure and said Sens. Edward M. Kennedy, D-Mass., Jacob K. Javits, R-N.Y., and Hugh Scott, R-Pa., had joined in drafting it.

The bill would give the Equal Employment Opportunity Commission power to issue cease and desist orders against employers and unions that engage in discriminatory practices, a point the Nixon administration reportedly is considering. The 1964 Civil Rights Act limited the EEOC to persuasion and conciliation to end discrimination in employment.

Other parts of the bill would: —Extend the 1965 voting rights law five years beyond August of next year. The act suspended literacy tests and similar voter qualification devices and opened the way to federal registration of voters in much of the south.

—Authorize the U.S. attorney general to file suits against states which allow discrimination in the selection of juries in state courts, but providing opportunity for corrective action.

—Remove the ceiling on appropriations for the U.S. Civil Rights Commission, now set at the 1968 level.

A bill to extend the voting rights act for five years was introduced early in the session by Sen. Charles McMathias, R-Md. A similar bill was filed in the House Jan. 30 by Rep. William M. McCulloch, R-Ohio.

How Weather Looks Today

OHIO WEATHER SUMMARY
COLUMBUS, Ohio (AP) — Official Weather Bureau summary for Ohio:

A large high pressure system extended over the Ohio Valley and lower Great Lakes area early today, bringing a warming trend to the state.

The trend toward more seasonable temperatures will continue Thursday with highs between 60 and 70 are expected. The extended outlook for Friday calls for cloudy and warm weather with a possibility of showers.

Cloudiness Tuesday yielded unseasonably cool weather and afternoon temperatures were about 20 degrees below normal.

But skies began to clear in portions of the state during the night and continued to do so today.

Shortly before sunrise, readings were in the 30s in northern Ohio and in the 40s along the Ohio River.

Cleveland, one of the cooler spots, reported 28 degrees, a record for the city. Some lower readings were reported in Cleveland's suburbs.

—FORECASTS—

OHIO — Clear and cool tonight. Lows from the middle 30s to the lower 40s. Thursday mostly sunny and warmer.

NORTHWEST AND NORTH-EAST OHIO — Clear and cool tonight. Lows 35-40 but locally lower with a chance of frost in some valleys. Thursday mostly sunny and warmer. Highs 60-70.

SOUTHWEST, SOUTHEAST, CENTRAL AND EAST CENTRAL OHIO — Clear and cool tonight. Lows from the middle 30s to low 40s. Thursday mostly sunny and warmer. Highs 65-70.

OHIO FIVE-DAY FORECAST
Temperatures will average near normal Thursday through Monday. Highs will average in the mid 60s north and the lower 70s south. Overnight lows will be in the 40s. Warmer Thursday, a little cooler about Saturday and then warmer again early next week. Rainfall will total about .25 to .5 inch as showers and thundershowers about Friday and again early next week.

Claim Nixon Administration Becoming More Republican

By JACK BELL
AP Political Writer

WASHINGTON (AP) — The Nixon administration is becoming more Republican all the time, Senate Minority Leader Everett M. Dirksen has reported to GOP members who complained the party wasn't getting enough government jobs.

In the face of beefs that President Nixon hasn't been turning out enough Democrats and delivering their jobs to the GOP faithful, Dirksen made a personal survey.

He said the results show that in his first 100 days in office, Nixon filled 280 of 545 first line jobs—and only 34 of these appointments went to Democrats. And most of these Democrats were the kind of men seldom

marked as active partisans, the Illinois senator said.

Furthermore, Dirksen said, this inquiry shows that more than half of about 1,300 second string jobs have been filled, all but about 8 per cent of them going to tested Republicans.

"We have been hearing from home, and some places closer, that the new administration

hasn't been moving fast enough in the appointment of Republicans to replace Democrats," Dirksen said in an interview. "But I think it has a pretty good record for a new administration."

Although an Associated Press survey showed that scores of holdovers from the Democratic years still occupy key federal

jobs, Dirksen said that is to be expected.

"You can't make a clean sweep right away. Key spots are difficult to fill and it takes time to find the right man for the right place."

Dirksen made it clear he doesn't think all available jobs should go to Republicans. "I never oppose or support

any on that basis," he said. "I don't mind the appointment of some Democrats. I don't even know the politics of some of the people I have objected to."

Civil Rights Bill Submitted To Congress

WASHINGTON (AP) — A four-part civil rights bill was submitted to the Senate Tuesday in advance of Nixon administration proposals in the field.

Sen. Philip A. Hart, D-Mich., announced he was introducing the measure and said Sens. Edward M. Kennedy, D-Mass., Jacob K. Javits, R-N.Y., and Hugh Scott, R-Pa., had joined in drafting it.

The bill would give the Equal Employment Opportunity Commission power to issue cease and desist orders against employers and unions that engage in discriminatory practices, a point the Nixon administration reportedly is considering. The 1964 Civil Rights Act limited the EEOC to persuasion and conciliation to end discrimination in employment.

Other parts of the bill would: —Extend the 1965 voting rights law five years beyond August of next year. The act suspended literacy tests and similar voter qualification devices and opened the way to federal registration of voters in much of the south.

—Authorize the U.S. attorney general to file suits against states which allow discrimination in the selection of juries in state courts, but providing opportunity for corrective action. —Remove the ceiling on appropriations for the U.S. Civil Rights Commission, now set at the 1968 level.

A bill to extend the voting rights act for five years was introduced early in the session by Sen. Charles Mc Mathias, R-Md. A similar bill was filed in the House Jan. 30 by Rep. William M. McCulloch, R-Ohio.

How Weather Looks Today

OHIO WEATHER SUMMARY
COLUMBUS, Ohio (AP) — Official Weather Bureau summary for Ohio:

A large high pressure system extended over the Ohio Valley and lower Great Lakes area early today, bringing a warming trend to the state.

The trend toward more seasonable temperatures will continue Thursday with highs between 60 and 70 are expected. The extended outlook for Friday calls for cloudy and warm weather with a possibility of showers.

Cloudiness Tuesday yielded unseasonably cool weather and afternoon temperatures were around 20 degrees below normal.

But skies began to clear in portions of the state during the night and continued to do so today.

Shortly before sunrise, readings were in the 30s in northern Ohio and in the 40s along the Ohio River.

Cleveland, one of the cooler spots, reported 28 degrees, a record for the city. Some lower readings were reported in Cleveland's suburbs.

—FORECASTS—

OHIO — Clear and cool tonight. Lows from the middle 30s to the lower 40s. Thursday mostly sunny and warmer.

NORTHWEST AND NORTHEAST OHIO — Clear and cool tonight. Lows 35-40 but locally lower with a chance of frost in some valleys. Thursday mostly sunny and warmer. Highs 60-70.

SOUTHWEST, SOUTHEAST, CENTRAL AND EAST CENTRAL OHIO — Clear and cool tonight. Lows from the middle 30s to low 40s. Thursday mostly sunny and warmer. Highs 65-70.

OHIO FIVE-DAY FORECAST
Temperatures will average near normal Thursday through Monday. Highs will average in the mid 60s north and the lower 70s south. Overnight lows will be in the 40s. Warmer Thursday, a little cooler about Saturday and then warmer again early next week. Rainfall will total about .25 to .5 inch as showers and thundershowers about Friday and again early next week.

Claim Nixon Administration Becoming More Republican

By JACK BELL
AP Political Writer

WASHINGTON (AP) — The Nixon administration is becoming more Republican all the time, Senate Minority Leader Everett M. Dirksen has reported to GOP members who complained the party wasn't getting enough government jobs.

In the face of beefs that President Nixon hasn't been turning

out enough Democrats and delivering their jobs to the GOP faithful, Dirksen made a personal survey.

He said the results show that in his first 100 days in office, Nixon filled 280 of 545 first line jobs—and only 34 of these appointments went to Democrats. And most of these Democrats were the kind of men seldom

marked as active partisans, the Illinois senator said.

Furthermore, Dirksen said, this inquiry shows that more than half of about 1,300 second string jobs have been filled, all but about 8 per cent of them going to tested Republicans.

"We have been hearing from home, and some places closer, that the new administration

hasn't been moving fast enough in the appointment of Republicans to replace Democrats," Dirksen said in an interview. "But I think it has a pretty good record for a new administration."

Although an Associated Press survey showed that scores of holdovers from the Democratic years still occupy key federal

jobs, Dirksen said that is to be expected.

"You can't make a clean sweep right away. Key spots are difficult to fill and it takes time to find the right man for the right place."

Dirksen made it clear he doesn't think all available jobs should go to Republicans.

"I never oppose or support

any on that basis," he said. "I don't mind the appointment of some Democrats. I don't even know the politics of some of the people I have objected to."

The Louvre of Paris never has such talent displayed as the halls of Logan Elm did on Friday, April 18.

This was for the Annual Art and Music Festival. The art had already been judged for Friday night by Doris Rema, Agnes Burmaster and Noreen Smith. They were very impressed by the artistic talents of the Braves.

Copping the top prizes in

drawing were Sue Bluebaugh, Debbie Young, Steve Troehler; sculpture, Melanie Dresbach, Debbie Hanley, Steve Troehler; painting, Greg Fouch, Steve Troehler, Paul Rhodes; mixed media, Cherrie Stiles, Betty Johnson, Ranay Smith.

Mr. Chandler, art instructor at Logan Elm, was "well pleased with the endeavors of the students."

Dresbach Wins Top State Rating

Logan Elm is very proud of Hugh Dresbach, son of Mr. and Mrs. Ned Dresbach, Oak Park. He received a superior rating in the State Science Fair, April 12, on his project, Water Pollution.

HUGH DRESBACH

Over 725 were competing in this fair and only about one third received superiors. Hugh is second in the history of Logan Elm to receive this high rating at State.

Previously, he received a superior at both the Logan Elm and District Science Fairs. He also received a \$10 conservation award from a women's garden club of Columbus.

The basic question of Hugh's project was, "What are the sources of water pollution on the Scioto River?" He obtained information and researched the subject thoroughly and looked throughout the community for sources of pollution. He then took samples of the water and tested them, and results showed that the Circleville area contributed to the pollution of the Scioto River because of inadequate treatment of both industrial and sewage wastes. Finally, he made recom-

mendations for solving the problem.

Hugh is a senior at Logan Elm this year and plans to attend college upon graduation.

Brenda Mills and Ralph Roby also attended the State Science Fair in Columbus. Brenda, a senior, received an excellent rating on her project, "Water, Water Everywhere," and Ralph, a junior, also received an excellent for his project on paleontology.

Goldwater Jr. Wins Election In California

LOS ANGELES (AP)—Barry M. Goldwater Jr. easily won election to Congress Tuesday in his first try for public office.

At a victory celebration, he paid tribute to his dad and mother "for the philosophy they instilled in me of love for God and country and a strong belief in the worth of each of us as individuals."

Republican Goldwater, a 30-year-old bachelor stockbroker, tallied 64,673 votes, or 57 per cent, to 48,933 for Democrat John K. Van de Kamp, 33, an attorney.

The returns were complete but unofficial in the special election to select a successor to Republican Ed Reinecke, who resigned to accept appointment as California's lieutenant governor.

Nationwide Hikes Insurance Rates

COLUMBUS, Ohio (AP)—Nationwide Mutual Insurance Co. will increase its Ohio auto insurance rates May 1 by an average 7.4 per cent for full coverage.

Vice President Robert W. Griffith said Tuesday the rate hike is necessary to meet the rising costs of claims settlements.

Troehler Attends Annual World Affairs Institute

Steve Troehler represented Logan Elm at the 23rd Annual World Affairs Institute which was held at the Netherlands Hilton Hotel in Cincinnati, March 14-15.

One student from each high school from the states of Ohio, Indiana, Kentucky and West Virginia were chosen to attend.

A banquet dinner was held on Friday with Gordon Hawkins as the speaker. After the banquet a dance was held.

Things started off Saturday with a panel discussion comprised of Dr. Philippe Garique, professor at the University of Montreal; Mr. Forrest Rogers, Bank of Nova Scotia; John Harbron, of the Toronto Telegram; and Mark MacGuigan, a member of Parliament in the House of Commons.

Some of the most important problems discussed were the French Canadians' relationship to the English foreign policies; and domestic affairs compared to the United States.

Early Saturday afternoon a luncheon was held with the speaker being Mr. A. E. Rit-

chie, the ambassador of Canada to the United States. In his address he reviewed the most important discussions from these two days.

STEVE TROEHLER

Steve found the Institute very enjoyable and a highlight of the Senior year.

Westfall, Logan Elm Advance To Co-Finals

Mustangs Win 9th Straight Game, 5-2

Westfall defeated Dublin, 5-2, Tuesday in Central District Class A tournament action on the Mustang diamond.

The win was the ninth of the season for the Mustangs and the second in tournament play. Westfall hosts West Jefferson Thursday in the sectional finals.

Gene Carfrey picked up his sixth mound decision of the year, fanning 12, walking one and allowing four hits.

He also played a key role in the scoring for the winners, driving in three runs with a single, a double and a triple, and scoring two himself.

KILBURY was the loser. He walked two, fanned five, hit two with pitched balls, was called for balking once and was touched for 11 hits.

Bill Blair was two for four for the Mustangs, hitting a single and a double and driving in two runs. Jack More singled twice in two official trips to the plate.

John Furniss was one for three and stole four bases in the game.

Westfall scored two runs in the third inning when Furniss led off with a single, stole second and third and then scored on Carfrey's double. Blair's single knocked in Carfrey.

In the seventh, Furniss reached first on an error, stole second, advanced to third on Greg Bizam's single. Carfrey slammed a 440-foot triple, driving in both base runners. Then Blair's double scored Carfrey.

Dublin's two runs came in the seventh on a walk, a single and a double. Weaver was two for three at the plate for the losers, hitting a single and a double.

Braves 2nd In Quad At Southeastern

Logan Elm finished second in a quadrangular track meet at Southeastern, scoring 66½ points and winning seven firsts and three seconds.

The host team won the meeting with 76½ points. Zane Trace was third, scoring 54 and Vinton County fourth with 35.

Larry Pusey was a double winner for the Braves, taking the mile run in 4:59.5 and the 880-yard run in 2:12.5. Byron Sykes won the 2-mile in 10:56.2. Dan Cooper won the discus, Jeff Jones the 440 yard dash, Jim Fox the 180 yard low hurdles and the Braves mile relay team won.

The next meet for the Braves is at Berne Union Thursday. The Scioto Valley Conference track meet is scheduled May 6 at Union.

Pro Football Owners Meet; Realignment Plans Studied

NEW YORK (AP)—Pro football's 26 club owners went into joint session today, learning toward a proposed plan to shift three National Football League teams to the American Football League as a solution to the thorny problem of realignment.

But while the Shift-Three Plan emerged as the most likely foundation on which accord could be built that left the bigger question unresolved.

What bricks will come out of the older of pro football's two houses to form the new architecture of the sport in 1970?

The plan to shift three NFL teams, interpreted in some quarters as another triumph for the AFL in these meetings that actually began in mid-March at Palm Springs, Calif., seemed to gain ground in the initial skirmishing Tuesday as the two leagues met separately.

"At this point the AFL seems to be in general accord on three NFL teams moving," explained Commissioner Pete Rozelle.

"And the NFL talked about that more than any other plan. It would seem most of the NFL clubs would favor this approach."

Under that plan, one of currently three being considered, three NFL teams would join the AFL to form one conference while the remaining 13 NFL teams would form the other, with a 4-4-5 divisional set-up in each.

The other two plans call for either a complete reshuffling of the 26 teams or a 4-4-5 divisional arrangement in which the five teams in each of the AFL's divisions would link up with the two-four team divisions in each of the NFL's conferences.

The Shift-Three Plan was favored by the AFL because it fulfilled two of its main considerations — a 13-13 line-up, rather than the current 16-10 set-up, and the retention of as much AFL identity as possible.

"And the NFL talked about that more than any other plan. It would seem most of the NFL clubs would favor this approach."

Under that plan, one of currently three being considered, three NFL teams would join the AFL to form one conference while the remaining 13 NFL teams would form the other, with a 4-4-5 divisional set-up in each.

The other two plans call for either a complete reshuffling of the 26 teams or a 4-4-5 divisional arrangement in which the five teams in each of the AFL's divisions would link up with the two-four team divisions in each of the NFL's conferences.

The Shift-Three Plan was favored by the AFL because it fulfilled two of its main considerations — a 13-13 line-up, rather than the current 16-10 set-up, and the retention of as much AFL identity as possible.

The plan to shift three NFL teams, interpreted in some quarters as another triumph for the AFL in these meetings that actually began in mid-March at Palm Springs, Calif., seemed to gain ground in the initial skirmishing Tuesday as the two leagues met separately.

"At this point the AFL seems to be in general accord on three NFL teams moving," explained Commissioner Pete Rozelle.

Celtics Win Over Lakers

BOSTON (AP) — The Boston Celtics had the Los Angeles Lakers talking to themselves today after Sam Jones' off-balance shot in the final seconds rolled teasingly around the rim and then dropped through to even their National Basketball Association championship play-off series.

"When the good Lord wants you to win, you win," said a disconsolate Jerry West, whose magnificent 40-point performance wasn't enough to prevent Boston's 89-88 victory.

"A loss like that is hard to take," the Lakers superstar muttered. "I must be a loser ... I know."

The Lakers have a history of frustration against the Celtics, having lost out to the perennial champions in the NBA finals five times in the last seven years.

This time they jumped off to a 2-0 lead in Los Angeles only to have the Celtics win the next two games at Boston Garden, sending the teams back to the coast all square for Thursday night's fifth game.

The dramatic finish Tuesday night came about after West's consistent brilliance had put the Lakers in command with an 88-87 lead and possession of the ball with some 15 seconds remaining.

Emmette Bryant stole the pass-in and fed Jones, who missed a shot. The Celtics got the ball out of bounds, however, and with seven seconds left they set up Jones again for their final chance.

The 35-year-old sharpshooter, who is retiring after this season, stumbled as he shot. The ball rolled around the rim, then dropped in as the record crowd of 15,128 went into near hysteria.

Thus, the Pacers scheduled a practice session in the Oakland Area today, figuring they'd have plenty of time to rest when the best-of-seven series is over.

Columbus Jets Whip Rochester In 5-2 Game

By THE ASSOCIATED PRESS
The Columbus Jets waited until the last minute, but finally pulled it off at Rochester.

The International League game had gone into the ninth inning a 2-2 deadlock when the Jets cut loose with a three-run barrage to claim a 5-2 victory Tuesday night.

Dave Cash singled in one run, then Chuck Howard greeted righthander John O'Donoghue with a two-run single that gave the Jets their first victory in a three-game series.

In other IL action, Buffalo took a 5-1 opener from Richmond, but yielded 6-4 to the Braves in the nightcap. The Tidewater - Syracuse, Louisville-Toledo games were postponed.

Logan Elm had one second, five thirds and one fourth. Amey West was second in long jump.

Westfall's next two meets will be home. The first is Tuesday, April 29 with Southeastern and Zane Trace; the second is Saturday, May 3 with Adena and Logan Elm, at 1:00 p.m.

Fausnaugh Hurls 1-0 Shutout

Logan Elm edged Canal Winchester, 1-0 in Central District Class A tournament play on the Braves' diamond.

"Our defense won the game for us," Coach Vic Pontius said. "We had two errors, but they didn't hurt."

Danny Fausnaugh, the junior southpaw hurler for the Braves, went the route in picking up the victory.

Fausnaugh allowed only two hits, singles by Sayre and Smith, fanned six, walked six. Hanners was the losing pitcher. He went all the way for Winchester, fanning 12, walking five and allowing three hits.

STEVE Curtis, Steve Sykes and Greg Fouch all singled for the Braves.

Fausnaugh scored the only run for Logan Elm. He reached first on an error in the bottom of the fourth inning. He stole second and with two out in the inning, was given the sign to steal third.

The throw was high and went into left field and Fausnaugh scored.

The next game for Logan Elm is Thursday against Wehrle Memorial High School. The game is the sectional final and will be played at Logan Elm.

Westfall, Logan Elm Advance To Co-Finals

Mustangs Win 9th Straight Game, 5-2

Westfall defeated Dublin, 5-2, Tuesday in Central District Class A tournament action on the Mustang diamond.

The win was the ninth of the season for the Mustangs and the second in tournament play. Westfall hosts West Jefferson Thursday in the sectional finals.

Gene Carfrey picked up his sixth mound decision of the year, fanning 12, walking one and allowing four hits.

He also played a key role in the scoring for the winners, driving in three runs with a single, a double and a triple, and scoring two himself.

KILBURY was the loser. He walked two, fanned five, hit two with pitched balls, was called for balking once and was touched for 11 hits.

Bill Blair was two for four for the Mustangs, hitting a single and a double and driving in two runs. Jack More singled twice in two official trips to the plate.

John Furniss was one for three and stole four bases in the game.

Westfall scored two runs in the third inning when Furniss led off with a single, stole second and third and then scored on Carfrey's double. Blair's single knocked in Carfrey.

In the seventh, Furniss reached first on an error, stole second, advanced to third on Greg Bigam's single, Carfrey slammed a 440-foot triple, driving in both base runners. Then Blair's double scored Carfrey.

Dublin's two runs came in the seventh on a walk, a single and a double. Weaver was two for three at the plate for the losers, hitting a single and a double.

Braves 2nd In Quad At Southeastern

Logan Elm finished second in a quadrangular track meet at Southeastern, scoring 66 1/2 points and winning seven firsts and three seconds.

The host team won the meeting with 76 1/2 points. Zane Trace was third, scoring 54 and Vinton County fourth with 35.

Larry Pusey was a double winner for the Braves, taking the mile run in 4:59.5 and the 880-yard run in 2:12.5. Byron Sykes won the 2-mile in 10:56.2. Dan Cooper won the discus, Jeff Jones the 440 yard dash, Jim Fox the 180 yard low hurdles and the Braves mile relay team won.

The next meet for the Braves is at Berne Union Thursday. The Scioto Valley Conference track meet is scheduled May 6 at Unionto.

Pro Football Owners Meet; Realignment Plans Studied

NEW YORK (AP)—Pro football's 26 club owners went into joint session today, learning toward a proposed plan to shift three National Football League teams to the American Football League as a solution to the thorny problem of realignment.

But while the Shift-Three Plan emerged as the most likely foundation on which accord could be built that left the bigger question unresolved: What bricks will come out of the older of pro football's two houses to form the new architecture of the sport in 1970?

The plan to shift three NFL teams, interpreted in some quarters as another triumph for the AFL in these meetings that actually began in mid-March at Palm Springs, Calif., seemed to gain ground in the initial skirmish.

Vikings Boost Golf Record To 6-3 Mark

Teays Valley golfers boosted their season record to six wins and three losses Tuesday, defeating Hamilton Twp., 8-1, at Upper Lansdowne Golf Links.

Mark Leatherwood was the medalist in the match with a 40. He scored two points for the Vikings.

His opponent, Dave Beggro, carded a 46. Kelly Leatherwood, the Vikings' number 2 golfer in the match, toured the nine holes in 43 strokes as did his opponent, Rich Stuhrt. They split both match and medal play and each earned a point for his team.

Ed Combs had a 45 and his opponent, Rick Hammel, a 53. Combs earned two points. Dave Bastian shot a 46, good for two points and his opponent, Chuck Smith shot a 60.

TEAYS Valley's team total of 174 was low and good for a point in the match.

Dale Bastian, the fifth golfer for the Vikings, carded a 49. His opponent, Joe Zimmer also shot a 49. Dale won match play point and split the medal point with Zimmer. However, their score did not count on the team total.

The next match for the Vikings is at Oakhurst Thursday against Grove City.

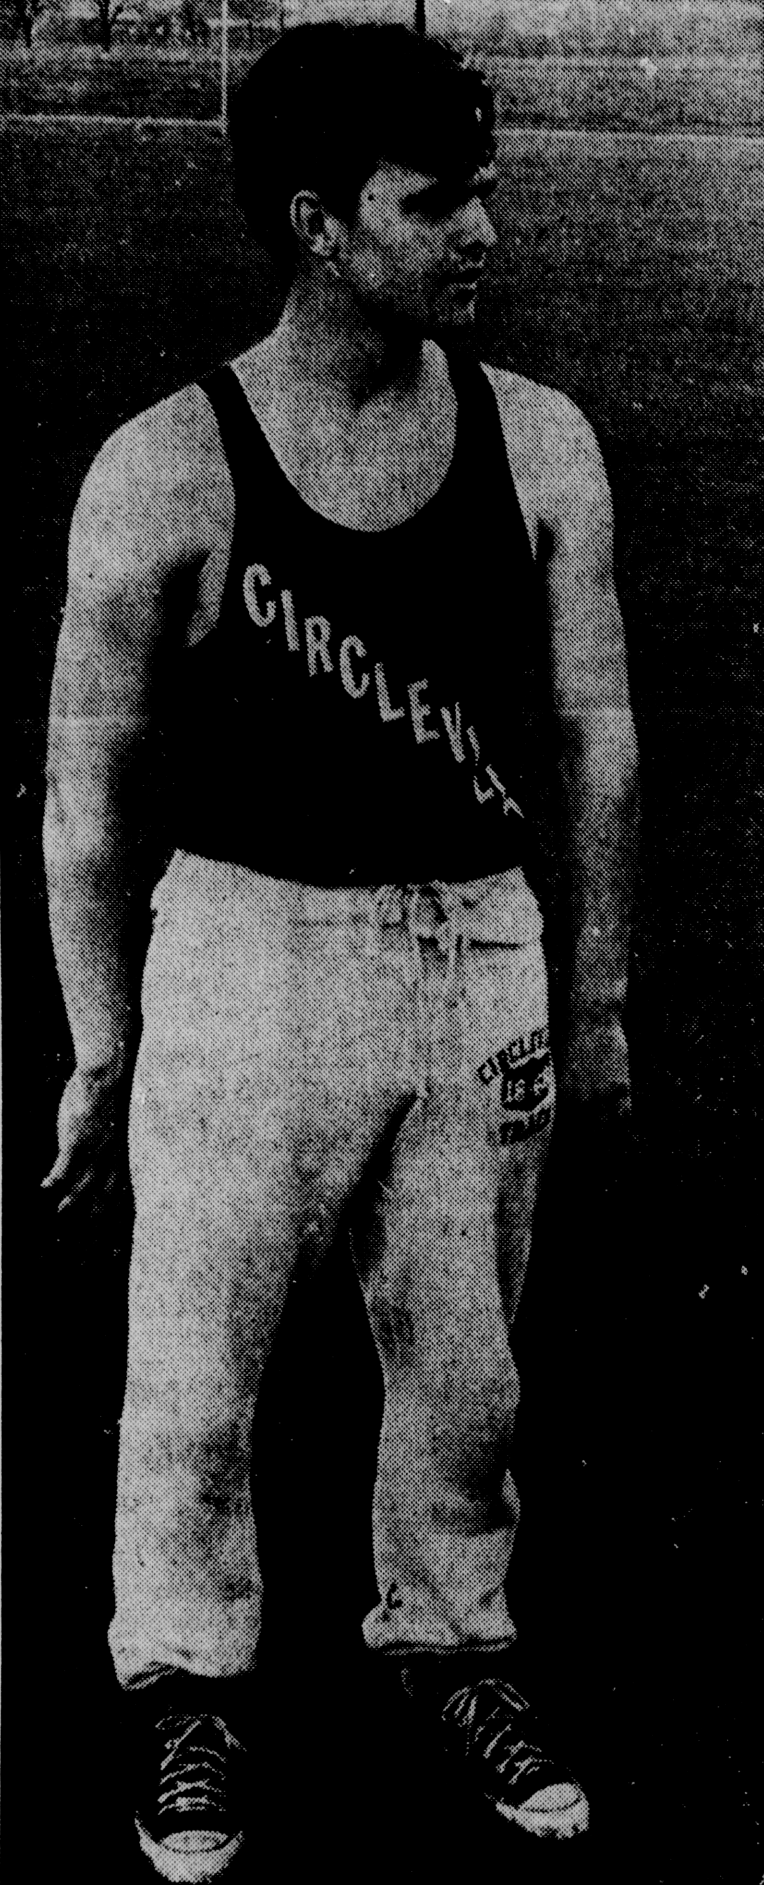

College Football Stars Named To Hall Of Fame

NEW BRUNSWICK, N.J. (AP) — Charles Bednarik, a former college All-American and an all-time pro great, and seven other one-time college stars have been selected for the National Football Foundation's Hall of Fame. Announcement was made today.

Bednarik, a 6-foot-4, 220-pounder, was an All-American center for Pennsylvania in 1947-48.

There were three other All-Americans chosen including end Larry Kelley of Yale, the 1936 Heisman Trophy winner back Les Horvath of Ohio State, the 1944 Heisman winner, and center Edwin "Babe" Horrell, who starred at California, 1922-1924.

The other selections were tailback George Cafego, Tennessee, 1938-1939; the late William "Wild Bill" Kelly, Montana quarterback, 1924-1926; halfback John Kitzmiller, Oregon 1927-1929, and quarterback Gerald Mann, Southern Methodist, 1925-1927.

Kentucky Derby Trainers Using Standard Doubletalk

KENTUCKY DERBY Festival Queen Melinda Milliken gets acquainted with Top Knight, one of the favorites, during workout time at Churchill Downs in Louisville.

OCEAN ROAR, owned by Leo Miller, is among the long shots entered in the Kentucky Derby. Danny Weiler is the jockey aboard the Swaps-Summer Serenade colt above. Ocean Roar has won at Thistledown and Beulah Park in Ohio.

By BOB COOPER
Associated Press Sports Writer
LOUISVILLE, Ky. (AP) — Help wanted: Translators to help the man on the street understand trainers of Kentucky Derby hopefuls; must be fluent in doubletalk.

Qualifications will include demonstration of understanding: —Elliot Burch, trainer of Arts and Letters, when he calls Top Knight "the best 3-year-old of this year" and adds, "but he may be asked to move over Saturday by Mr. Longden's horse, Majestic Prince."

—Ray Metcalf, trainer for Top Knight, when he declares he works his colt before dawn "so he won't see those others and get frightened."

—Johnny Longden, who admits it "will be tougher to win in the Derby than it was on the West Coast, where Majestic Prince is unbeaten."

—Lucian Laurin, who predicts his Dike will be last under the wire—"or at least he'd better be"—the first time around the track in the Derby and won't comment where the colt will be at the finish.

—Gordy McLean, who's positive his Ocean Roar has never gone up against class like he will see in the 1 1/4-mile, \$125,000-added race Saturday at 5:30 p.m., EDT.

For newcomers to Derbyland, all of these comments translate into the same language: We came here to take all the marbles and we're not about to tell you too much about how we're going to do it.

All of the trainers—and long-time Derby observers as well—proclaim this year's 95th running as perhaps the strongest in many years. Some are predicting a timing of less than two minutes for the first time.

A factor in that prediction is Cain Hoy Stable's Ack Ack, who broke the Churchill Downs track record for a mile Tuesday in winning the Derby Trial Stakes by seven widening lengths.

Capt. Harry F. Guggenheim, owner of the fleet bay colt, said it might be a day or two before he decides on his colt's Derby status.

The decision for Guggenheim—as well as all others—must be made by 9:30 a.m. Thursday, when \$500 must be deposited to

pass the entry box if a horse is to go to the post in America's most famous horse race.

It costs another \$1,000 to start.

If Ack Ack goes, he could force a fast early pace, resulting in a record timing for the Derby. If he doesn't go, it might force the other horses to make their own pace—with an even faster clocking as the outcome.

Frank McMahon's Majestic Prince, the Steven Wilson Estate's Top Knight and Paul Mellon's Arts and Letters would like to run close to the pacesetter early in the Derby, but preferably not in front.

Dike, flying the colors of Claiborne Farm, wants to come from as far off the pace as he can get and still hope to make up the lost ground. He'd like to be passing tiring horses in the long Churchill Downs stretch.

Ocean Roar, a royally bred bush leaguer from Ohio's small race tracks, is hoping for as much mud as possible.

Hewlett Named Top MAC Athlete
COLUMBUS, Ohio (AP) — Marshall University pitcher Carl Hewlett is the Mid-American Conference Athlete of the Week.

The 6-foot-4 junior from Hunt- ington, W. Va., figured in two of Marshall's three baseball victories over Miami last weekend. He starred in relief Friday picking up the decision in a 4-3 victory and came right back Saturday in a starting role leading the Herd to a 9-1 triumph.

Hewlett scattered five hits and fanned 11 in Saturday's contest and also contributed two hits, including a grand slam homer.

Canadiens Lead Hockey Playoffs
MONTREAL (AP)—The National Hockey League's Stanley Cup playoffs moved to St. Louis today with the Montreal Canadiens holding a two-game lead and feeling the momentum.

Scotty Bowman, coach of the Blues, feels playing in front of 45 home fans will help his club turn the playoffs around. But Dick Duff, who scored one of Montreal's goals in Tuesday night's second-game victory, doesn't quite agree.

Cage Tourney Records Show High Figures

COLUMBUS, Ohio (AP) — Ohio's high school basketball tournaments drew record crowds last season and the gate topped the million dollar mark for the second straight year.

The record-shattering 1969 campaign figures were disclosed in a financial report in the May issue of "Ohio High School Athlete," published by the Ohio High School Athletic Association.

Total receipts from Ohio's sectional-district, regional and state schoolboy tournaments soared to \$1,236,341, compared to \$1,118,318 a year ago.

And overall attendance for the tourneys reached 1,106,241, an all-time standard. Last year's attendance totaled 1,036,707 and the previous record of 1,061,877 was set in 1967.

State tournament attendance for all four sessions at St. John Arena hit 55,582, eclipsing the 1960 record by 29 admissions.

It was a banner year for the state association, which operates chiefly on basketball revenue. It's share of the \$1.2 million last year was \$305,523, another record. Last year, the association's cut was well over one-quarter million dollars.

Total 1969 receipts from sectional-district tournaments were \$933,085 compared to \$866,374 a year ago.

Receipts from regional meets at Canton, Toledo, Columbus, Bowling Green, Cincinnati, Oxford and Athens totaled \$163,135, or \$21,592 more than in 1968.

Money collected from ticket sales, television and radio, and program sales at the state high school classic at Ohio State University totaled \$140,021, up almost \$30,000 over the previous season.

Everywhere, the attendance was up. Sectional-district tourneys drew 947,691 customers compared to 891,796 in 1968; regional attendance reached 103,601 compared to 90,816 a year ago and the 55,582 that attended the state tourney topped the 54,095 of last year.

The northeast district, which drew 268,318 fans, a 10 per cent boost over 1968, showed the biggest increase for sectional-district play.

The central regional at Columbus led all other regionals in total receipts with \$26,798 and attendance with 17,192. This, however, covered a three-day period.

The leader in both attendance and revenue for only two nights of action was the Class AA regional at Cincinnati Gardens with receipts of \$26,666 and attendance of 16,403.

Astros Drop Game To Atlanta, 2-1; Now 4-19

The Houston Astros might have come out of the 1962 expansion draft in worse shape than this year's two new National League clubs, but it's seven years later now and the Astros still appear left out in the cold.

Colder than yesterday's mashed potatoes, the Astros added another loss to their worst record in the league by dropping a 2-1 decision at Atlanta Tuesday night, their seventh consecutive defeat and 14th in the last 15 games. They are 0-12 on the road.

"I think we're better than this," was about all suffering Manager Harry Walker could manage to say after his club fell to a 4-19 record.

Although Montreal dropped a 2-0 verdict to the New York Mets, and San Diego lost to Los Angeles 2-1, the two newest teams in the league had records Houston could envy. The Expos might be last in the East Division, but they have a 7-12 record, while the Padres are fifth ahead of Houston in the West at 9-13.

San Francisco, meanwhile, remained tied with the Dodgers for first place in the West by beating Cincinnati 4-3 in 13 innings and the Chicago Cubs increased their East lead with a 10-0 rout over Philadelphia.

Cold weather postponed St. Louis' game at Pittsburgh.

Cleveland Readies Game With Yanks
NEW YORK (AP) — Southpaws Sam McDowell and Dick Ellsworth are slated to pitch for the Cleveland Indians in two games against the New York Yankees tonight and Thursday.

Cleveland Manager Alvin Dark picked McDowell for tonight and Ellsworth Thursday to face the Yankees in their oddly shaped park. The left field power alley distance in Yankee Stadium ranges from 402 to 457 feet, while the corresponding distance in right field is 344 to 367 feet from home plate.

Cincinnati Reds Lose To Giants, 4-3
SAN FRANCISCO (AP) — Hounded by their usual pitching problems, the Cincinnati Reds took a fifth straight defeat Tuesday in a 4-3 contest with San Francisco and dropped 5 1/2 games behind the western division-leading Giants.

The Reds tied it 3-3 in the ninth to send the game into 13 innings. Then Bobby Bonds, a thorn in Cincinnati's side all the way, rapped a run - scoring, game-winning single.

Marty Pattin got the Barber to trim off some excess curls free of charge. Now Pattin's making the California Angels pay for lifting his halo.

Pattin, picked up by Seattle from California in the American League expansion draft, pitched a two-hitter Friday as the Pilots nipped the Angels 1-0 on an eighth inning homer by catcher Larry Haney.

The victory was Pattin's second in two appearances against his former teammates. The complete game was his first in the majors.

"Give the credit to our pitching coach, Sal 'The Barber' Maglie," said the 26-year-old right-hander, who held the Angels hitless for 7 2/3 innings and finished with 11 strikeouts. "He changed my delivery and gave me a couple of other sugges-

"We're not loafing," Walker insisted. "We just get the bases loaded and time after time the batter drills one right into some- one's glove that just as easily could have been a double."

That's close to what happened against the Braves. Trailing 2-1, the Astros loaded the bases in the eighth inning with one out on singles by Jesus Alou and Jim Wynn, a sacrifice and an intentional walk, but reliever Cecil Upshaw got Denis Menke to hit into a force out at home and then induced Curt Blefary to ground out.

They also loaded the bases with one out against winner Milt Pappas in the fifth, but Alou and Wynn both fouled out.

After Orlando Cepeda's sacrifice fly in the first gave Atlanta a 1-0 lead, Pappas, 2-2, drove in the decisive run himself in the fourth with a single off loser Denny Lemaster, 0-4.

Ed Kranepool's first two homers of the season—off Jim Grant in the second and sixth innings gave the Mets, the other 1962 expansion club, their eighth victory in 19 games for a third place tie in the East. Jerry Kosman stopped Montreal on two hits before leaving with one out in the fifth when his arm tightened, and Nolan Ryan completed the shutout, giving four more hits and striking out seven.

Kranepool's homers gave his 53 with the Mets, breaking the

club record of 52 set by Frank Thomas from 1962-64.

The Dodgers scored twice in the first against rookie Al Santorini on a walk, an error and singles by Willie Davis and Bill Sudakis, but needed clutch relief work by Pete Mikkelsen and Jim Brewer to save Joe Moeller's victory.

Mikkelsen came in to get out Al Ferrara with the tying run on third and two out in the seventh inning and Brewer pitched out of a first - and -second, none out and then bases loaded, two out games in the ninth.

Bobby Bonds was the hero in San Francisco's eighth straight victory, drilling a two-run hom-

er in the eighth for a brief 3-2 lead and then rapping a run-scoring single in the 13th with two out.

Cincinnati, losing its fifth in a row, had held a 2-0 lead and then tied the game in the ninth on Bobby Tolan's hit with two out.

Ferguson Jenkins, 4-1, hurled the Cubs past Philly with a four-hitter, made easier by Chicago's 13-hit attack.

The Cubs opened an 8-0 bulge after four innings and Ron Santo, who hit his fifth homer in the ninth, finished with four runs batted in. Don Kessinger and Billy Williams each drove in two runs and Kessinger scored four times.

tions during spring training.

"Before, I had a lot of wasted effort. I was rearing back and winding up. Sal got me to take less of a windup and to stop rearing back."

Maglie, who pitched a no-hitter 13 years ago for the old Brooklyn Dodgers, watched his protegee stop the Angels cold until Tom Satriano singled with two out in the eighth. Jim Fregosi singled with two out in the ninth, but Haney cut him down trying to steal second, nailing Pattin's third victory against one loss.

In other AL games, Boston shaded the New York Yankees 2-1, ending Mel Stottlemyre's winning string at five; Detroit Stanley's three-run double in the ninth and Minnesota pounded Washington 5-4 on Micked Kansas City 9-1 behind Harmon Killebrew's grand slam homer.

The Baltimore Cleveland game was rained out and the Chicago White Sox and Oakland Athletics were idle.

The St. Louis-Pittsburgh game was postponed because of cold weather and wet grounds.

Pattin, who appeared in 52 games—only four as a starter—with California in his 1968 rookie year, finishing at 4-4, breezed past the Angels in the first seven innings. He walked two, but one runner was erased in a double play.

After Satriano singled up the middle in the eighth, Pattin fanned pinch hitter Bob Chance for his 10th strikeout and Haney led off the bottom of the inning against Jim McGlothlin with his first 1969 homer.

McGlothlin, who yielded six hits, also was the loser when Pattin and the Pilots downed California 4-3 in their April 8 season opener.

"I hit a hanging curve ... I think," said Haney, who hit one homer for Baltimore.

"Larry Haney ... he's the man," beamed Pattin. "He called a great game."

"I was strong all the way. I was forcing them to hit my pitch."

Kentucky Derby Trainers Using Standard Doubletalk

KENTUCKY DERBY Festival Queen Melinda Milliken gets acquainted with Top Knight, one of the favorites, during workout time at Churchill Downs in Louisville.

OCEAN ROAR, owned by Leo Miller, is among the long shots entered in the Kentucky Derby. Danny Weiler is the jockey aboard the Swaps-Summer Serenade colt above. Ocean Roar has won at Thistledown and Beulah Park in Ohio.

By BOB COOPER
Associated Press Sports Writer
LOUISVILLE, Ky. (AP) — Help wanted: Translators to help the man on the street understand trainers of Kentucky Derby hopefuls; must be fluent in doubletalk.

Qualifications will include demonstration of understanding: —Elliot Burch, trainer of Arts and Letters, when he calls Top Knight "the best 3-year-old of this year" and adds, "but he may be asked to move over Saturday by Mr. Longden's horse, Majestic Prince."

—Ray Metcalf, trainer for Top Knight, when he declares he works his colt before dawn "so he won't see those others and get frightened."

—Johnny Longden, who admits it "will be tougher to win here in the Derby than it was on the West Coast, where Majestic Prince is unbeaten."

—Lucian Laurin, who predicts his Dike will be the last under the wire—"or at least he'd better be"—the first time around the track in the Derby and won't comment where the colt will be at the finish.

—Gordy McLean, who's positive his Ocean Roar has never gone up against class like he will see in the 1 1/4-mile, \$125,000-added race Saturday at 5:30 p.m., EDT.

For newcomers to Derbyland, all of these comments translate into the same language: We came here to take all the marbles and we're not about to tell you too much about how we're going to do it.

All of the trainers—and long-time Derby observers as well—proclaim this year's 95th running as perhaps the strongest in many years. Some are predicting a timing of less than two minutes for the first time.

A factor in that prediction is Cain Hoy Stable's Ack Ack, who broke the Churchill Downs track record for a mile Tuesday in winning the Derby Trial Stakes by seven widening lengths.

Capt. Harry F. Guggenheim, owner of the fleet bay colt, said it might be a day or two before he decides on his colt's Derby status.

The decision for Guggenheim—as well as all others—must be made by 9:30 a.m. Thursday, when \$500 must be deposited to

pass the entry box if a horse is to go to the post in America's most famous horse race.

It costs another \$1,000 to start. If Ack Ack goes, he could force a fast early pace, resulting in a record timing for the Derby. If he doesn't go, it might force the other horses to make their own pace—with an even faster clocking as the outcome.

Frank McMahon's Majestic Prince, the Steven Wilson Estate's Top Knight and Paul Mellon's Arts and Letters would like to run close to the pacesetter early in the Derby, but prefer not to in front.

Dike, flying the colors of Claiborne Farm, wants to come from as far off the pace as he can get and still hope to make up the lost ground. He'd like to be passing tiring horses in the long Churchill Downs stretch.

Ocean Roar, a royally bred bush leaguer from Ohio's small race tracks, is hoping for as much mud as possible.

Hewlett Named Top MAC Athlete
COLUMBUS, Ohio (AP) — Marshall University pitcher Carl Hewlett is the Mid-American Conference Athlete of the Week.

The 6-foot-4 junior from Huntington, W. Va., figured in two of Marshall's three baseball victories over Miami last weekend. He starred in relief Friday picking up the decision in a 4-3 victory and came right back Saturday in a starting role leading the Herd to a 9-1 triumph.

Hewlett scattered five hits and fanned 11 in Saturday's contest and also contributed two hits, including a grand slam homer.

Houston Favored In Golf Tourney
COLUMBUS, Ohio (AP) — Tough Houston is favored to win the fourth annual Northern Intercollegiate Golf Tournament this weekend on Ohio State University's Scarlet course.

Fifteen schools, including all the Big Ten teams plus Houston, Miami, Notre Dame, Miami of Ohio and Ohio University, are competing in the two-day 72-hole test that begins Friday.

Vernon Vanoy Inks Pact With Argonauts
KANSAS CITY (AP)—Vernon Vanoy, University of Kansas defensive star, has signed to play with the Toronto Argonauts of the Canadian Football League next season, his lawyer said Tuesday.

Phillip Miles said the 6-foot-8, 270-pound standout preferred the Canadian offer even though he had been drafted third by the New York Giants of the National Football League.

Steve Hunt, 6-foot-7 center from Westwood, Mass., is playing his third varsity season for West Point's basketball team.

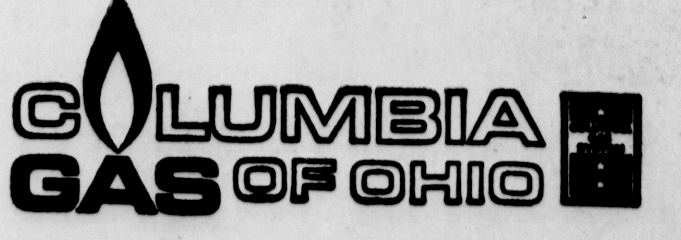

Here are 7 reasons why GAS heat is best.

(without even mentioning economy!)

- Cleanliness
- Fresh air circulating heat
- Dependability
- Convenience
- Even, whole-house heat
- Quick, precise heat
- Safety

So you can see why more than nine out of ten homes around here are heated with Gas. Not to mention all the things you can do with the money you save with Gas.

THINK OF ALL THE THINGS YOU CAN DO WITH THE MONEY YOU SAVE WITH GAS.

Nixon Says College Officials Must Break Up Lawlessness

WASHINGTON (AP) — President Nixon, after a month of silence on mounting campus disorders, says college administrators must "have the backbone to stand up" against student violence "if free education is to survive in the United States."

In a speech Tuesday to the 57th annual meeting of the Chamber of Commerce, the President said those who run America's colleges and universities "must recognize that there can be no compromise with lawlessness and no surrender to force."

Nixon's strong statement was unexpected. His speech to the business group had been billed as only "informal remarks."

Only twice since taking office had there been any previous Nixon pronouncements on the tide of student disorders that have swept the nation's campuses, including such prestigious schools as Harvard and Cornell universities.

The White House Feb. 24 made public a letter in which Nixon praised a "get-tough" policy announced by The Rev. Theodore M. Hesburgh, president of Notre Dame University. Hesburgh pledged prompt expulsion of students who disrupt the operation of the university.

March 22, the President issued a statement warning of "cultural calamity" if violent demonstrations persisted. He said the educational community—not the federal government—must cope with the problem.

Nixon spoke Tuesday with much the same tone as in the March statement, but with considerably more forceful language which brought repeated applause from the audience.

While praising the younger generation and saying that "We do not want government control of our great educational institutions," Nixon said:

"When we find situations in numbers of colleges and universities which reach the point where students in the name of dissent and in the name of change terrorize other students and faculty members, when they rifle files, when they engage in violence, when they carry guns and knives in the classrooms, then I say it is time for faculties, boards of trustees and school administrators to have the backbone to stand up against this kind of situation."

Vietnamese are nearest their supply lines.

An American armored column from the 11th Cavalry Regiment found an enemy bunker complex in War Zone C Tuesday and ran into a four-hour fight.

About 200 North Vietnamese troops entrenched in the network of 100 bunkers opened fire with small arms, machine guns and rocket-propelled grenades on the first two armored cars of the 20-vehicle column.

Both cars were hit, but they continued to attack the North Vietnamese with heavy machine guns. A reinforcing column also was hit, and one of the armored personnel carriers was reported destroyed.

The day's fighting left 47 North Vietnamese dead, while U.S. casualties were four killed and 30 wounded, spokesmen said.

In a third day of sharp fighting along the eastern flank of the demilitarized zone, South Vietnamese forces reported killing 85 North Vietnamese soldiers Tuesday at a cost of 15 men killed and 42 wounded. The battle was northwest of Cam Lo, which is 14 miles inland from the South China Sea and nine miles below the eastern flank of the DMZ.

Wants U.S. Cash For New Bridge

CINCINNATI (AP)—Charles Ball, executive director of the Ohio - Kentucky - Indiana Planning Authority (OKI), says he plans to seek legislation which would bring about the federal government's footing the total bill on emergency bridge projects.

He made the announcement Tuesday shortly after he and other public officials of the tri-state region met with federal highway officials to discuss funding of the C & O Bridge.

The federal government now pays a maximum 50 per cent of the total cost of a bridge project termed critical.

Nixon Sends SST, Airways Program Back To Volpe

WASHINGTON (AP) — President Nixon apparently has yielded to top-level economists and returned to the controversial Supersonic Transport—SST—and airways and airports programs to the Transportation Department for further study.

"It's a delay. They aren't dead," said an administration source.

The proposal for an 1,800-miles-per-hour supersonic airliner had been on the President's desk several weeks and Nixon had indicated a decision by the end of the month.

The airports and airways measure with its unique financing proposals, however, had been in the Budget Bureau for evaluation by various agencies and action had not been expected so quickly.

The delay in both programs appeared to be a major setback to Transportation Secretary John Volpe who had devoted much of his first weeks in office to the SST and had publicly awarded No. 1 priority to airways and airports in early February.

He reportedly had asked the President to withhold an announcement on the SST—if it was going to be negative—until he could simultaneously announce a go-ahead on construction to ease mounting air traffic jams Volpe says are creating increasing hazard to air travelers.

Both bills, however, ran into strong opposition among presidential money men, particularly in the Budget Bureau and the Treasury.

Presidential science adviser Lee DuBridge also reportedly was against immediate continuance of the SST whose deafening travels beyond the sound barrier were feared would prevent it from ever flying land routes.

Volpe vehemently denied last week an Associated Press story that said he had given priority to the two aviation programs over an all-out drive to solve the problems of mass transit, which the Democrats had given No. 1 priority.

Agnew Sees Nixon Win On ABM Net

WASHINGTON (AP) — Vice President Spiro T. Agnew forecasts a buildup of public pressure for deployment of President Nixon's Safeguard missile defense system—and says the ultimate Senate vote on the issue won't even be close.

"It's going to generate quite a bit of strength," Agnew said. "I honestly don't look for it to be a close question at the time, because I think the logic of it is inexorable."

Agnew, a key Senate lobbyist for the Safeguard system, said support for the program will build steadily in the weeks before a Senate vote on the \$900 million initially involved.

"There's plenty of time for public reaction to set in, which I think is generally pretty favorable," Agnew said in an interview.

Set Mediation In Moving Strike

CINCINNATI (AP)—A spokesman for about 150 striking moving van drivers and helpers said Tuesday federally mediated negotiations will begin May 6.

The strikers, members of Teamsters Union Local 140, walked out last Thursday after rejecting management's proposal of a 28 per cent wage increase over the next three years. Drivers now make \$3.00 an hour, helpers, \$2.89.

The walkout affected 15 moving and storage companies which represent an estimated 95 per cent of the city's long distance moving.

Ohio Youth Choir To Sing At Madison South

The 140 voice traveling unit of the Ohio State Fair Youth Choir will appear in concert at Madison South High School in Madison County, 3 p.m. May 18.

Government Trust-Busters Challenge ITT Acquisition

WASHINGTON (AP) —Nixon administration trust-busters have made their second move in two weeks to short circuit the trend toward conglomerate mergers by filing suit against the giant International Telephone and Telegraph Co.

ITT was challenged Monday in Chicago's U.S. District Court on acquisition three days earlier of Canteen Corp., a national food and vending company with 1967 revenue of \$322 million.

The Justice Department complaint charged the acquisition might trigger other mergers, a tendency government antitrust chief Richard W. McLaren says he means to stop.

ITT, the country's 12th largest business, thus joined Ling-Temco-Vought Inc., the 14th largest, as a defendant in separate government lawsuits to slow the rate of economic concentration.

Justice filed suit two weeks ago to stop LTV's purchase of Jones Laughlin Steel Corp.

In addition to further entering economic power in a company whose 1967 sales were \$3.6 billion, the government suit charged, the ITT-Canteen merger would strengthen ITT's power to favor its customers with

purchases, a practice called reciprocity.

In New York, a spokesman for ITT denied that allegation: "Under each of the companies' own policies of long standing, neither company has in fact engaged in reciprocity. We are confident, therefore, that the courts will rule that this suit is baseless in fact and law."

More than year ago, on Jan. 1, 1968, ITT canceled plans to merge with American Broadcasting Co. because of long delays caused by Justice Department claims that ITT international interests might influence ABC news operations.

"There's plenty of time for public reaction to set in, which I think is generally pretty favorable," Agnew said in an interview.

A leading Republican critic of the administration plan, Sen. John Sherman Cooper of Kentucky, said if a vote were held now, the administration would lose. But he acknowledged the outlook could change.

Sen. Jacob K. Javits of New York, another critic, said although the White House is striving to sell its safeguard case to the Senate "I don't think it can because I don't think the case is valid."

Giving another view was Herbert G. Klein, Nixon's director of communications. "The tide has turned. The opposition has reached its peak, perhaps too early . . . We'll win easily in the House; it'll be close vote in the Senate."
